UNITED STATES DEPARTMENT OF AGRICULTURE
NATURAL RESOURCES CONSERVATION SERVICE
MLRA REGION 11, INDIANAPOLIS, INDIANA
AMENDMENT
TO THE
CLASSIFICATION AND CORRELATION
OF THE SOILS FOR
ILLINOIS SSURGO INITIATIVE COUNTIES

April 2005

This correlation amendment is prepared for the following counties in Illinois that are being digitized for the SSURGO initiative:

Bond, Brown, Calhoun, Clay, Clinton, Cumberland, Edwards, Effingham, Fayette, Gallatin, Greene, Hamilton, Hancock, Iroquois, Lawrence, Livingston, Mason, Morgan, Peoria, Putnam, Richland, Saline, Scott, Shelby, Stark, Tazewell, and Wabash.

No hydrologic features or special features will be digitized for these SSURGO counties. Only soil lines and labels will be digitized for this SSURGO initiative. A narrative will be added to the metadata of each of these counties for the process steps used in digitizing as to what was edited and to identify the official photobase for each county.

Add the following map unit to all of the listed counties, except for Brown and Mason counties which already have this unit on the legend:

Publication Symbol	Approved Map Unit Name
W	Water

Approval Signatures and Date

TRAVIS NEELY — 4-25-05 Date
MLRA Team Leader
