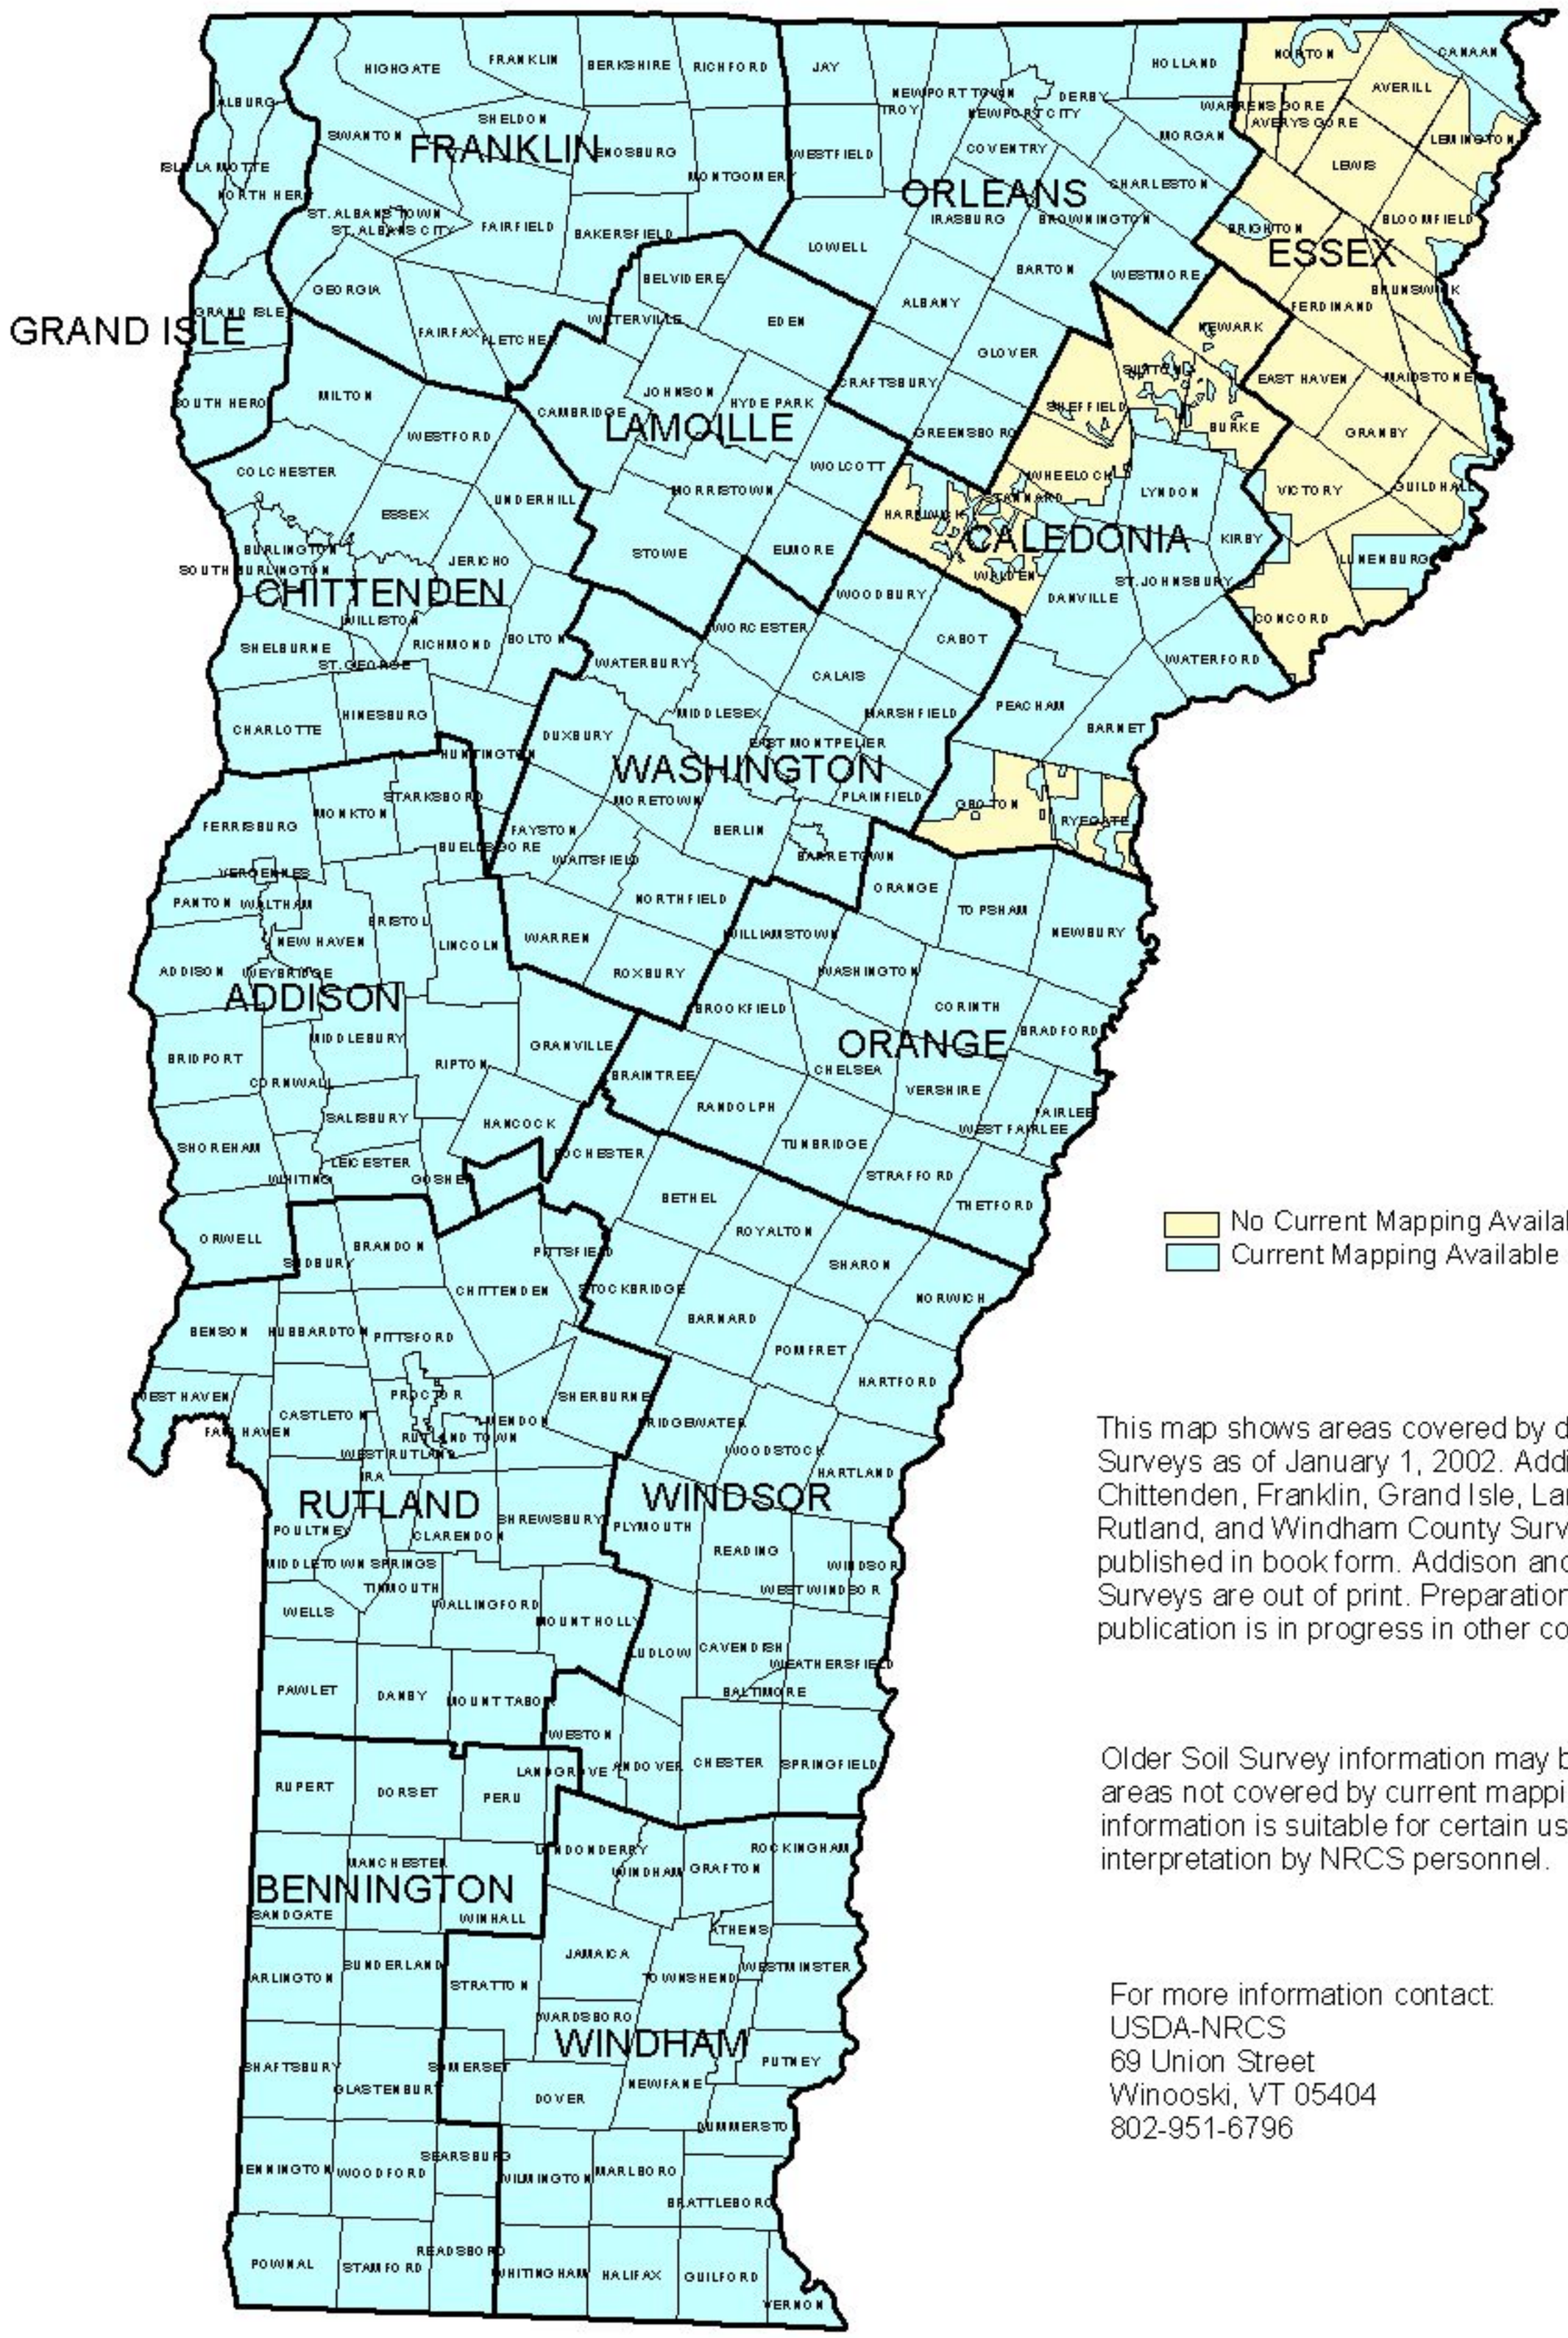
# Status of Soil Mapping in Vermont



This map shows areas covered by detailed Soil Surveys as of January 1, 2002. Addison, Chittenden, Franklin, Grand Isle, Lamoille, Orange, Rutland, and Windham County Surveys are published in book form. Addison and Grand Isle Surveys are out of print. Preparation of reports for publication is in progress in other counties.

Older Soil Survey information may be available for areas not covered by current mapping. This information is suitable for certain uses with proper interpretation by NRCS personnel.
