CSP Enhancement Certification Sheet

Grazing Management

Participant Acknowledgement Statement:
I agree to apply this enhancement under the terms and conditions of my CSP contract and understand the requirements of the activity.

Payment is for the acres in which **2 or more** of the following activities is initiated or maintained.

☐ **Rotation of salt, mineral, and supplemental feeding areas (EGM41e)**
Payment is for acres in each field in which the rotation is properly maintained.

Documentation Required:
Use the following table for documentation and attach a plan map showing the previous and new locations of salt, mineral, and supplemental feeding areas.

Management Units	Management Unit Acres	Year Applied
Field 1	100	2007

Example

Management Units	Management Unit Acres	Year Applied

☐ **Utilize decision support tools to aid in grazing management decision making (EGM41c)**
Payment is for acres which are part of a grazing management plan where decision support tools are utilized.

Documentation Required:
Use the following table for documentation and attach a plan map showing the location of management units involved in the decision support tool use, copy of reports, and narrative description of management decisions.

CSP Enhancement Certification Sheet

Management Units	Decision Support Tool Used	Management Unit Acres	Year Applied
Field 1	GSAT	100	2007

Example

Management Units	Decision Support Tool Used	Management Unit Acres	Year Applied

☐ **Improve soil quality and plant condition through management of pasture legume species composition (EGM41a)**
Payment is for acres of pasture that are maintained with the prescribed species composition.

Documentation Required:
Use the following table for documentation and attach a plan map showing the location of management units which were seeded, interseeded, and/or are being managed for the presence of legumes.

Management Units	Acres	Species Planted/Managed	Management Applied	Year
Field 1	100	Red clover	Grazing plan provided 75% rest for the growing season; available phosphorus and potash maintained to red clover recommended levels	2006

Example

Management Units	Acres	Species Planted/Managed	Management Applied	Year

Natural Resources Conservation Service

CSP Enhancement Certification Sheet

☐ **Utilize grazing management plans to improve wildlife habitat (EGM41d)**
Payment is for acres in each field which are deferred from grazing to improve wildlife habitat.

Documentation Required:
Use the following table for documentation and attach a map showing the location of the deferred acres.

Management Units	Acres to be Deferred	Actual Acres Deferred/ Year of Deferment
Field 1	100	100/2007

Example

Management Units	Acres to be Deferred	Actual Acres Deferred/ Year of Deferment

☐ **Prescribed burning patterns to improve wildlife habitat diversity (EGM41b)**
Payment is for acres in each field in which the prescribed burning patterns has been carried out and not just the burned acres. Only one payment for each field will be made during contract period regardless of the number of individual burn treatments required and applied within that field to achieve desired results.

Documentation Required:
Use the following table for documentation and attach a plan map showing the location of the actual burned acres. Complete the first three columns at the beginning of the contract to identify which fields will be burned. Upon completion of the burn treatment, complete the last two columns.
