TECHNICAL GUIDE NOTICE IL-85

This Notice transmits Standard and Specification IL-606, Subsurface Drain, for Section IV of the Field Office Technical Guide.

The SCS Standard and Specification, 606 Subsurface Drain, has been completely rewritten. It now reflects the use of new materials and installation techniques for subsurface drains, as well as new and updated ASTM procedures for qualifying materials. Standard and Specification IL-606 is a reprint of SCS-606, with Illinois supplements in large type.

ACTION REQUIRED

1. Remove all pages of Standard and Specification 606, Subsurface Drain (20 pgs), including the Illinois Supplement, from Part IV of the Technical Guide.
2. Replace with attached Standard and Specification IL-606, Subsurface Drain (7 pgs).
3. Make a pen and ink change to the Index of Standards and Specifications, Section IV of the Technical Guide. Change the date of Subsurface Drain to September, 1988.
