TECHNICAL GUIDE NOTICE IL-88

This notice transmits the following items which are being distributed through the area under separate cover:

One copy of the "Midwestern Wetland Flora - Field Office Guide to Plant Species" to each area, field, soil survey and RC&D office. This document is to be used as an aid in determining the prevalence of hydrophytic vegetation for FSA wetland determinations or redeterminations accomplished in the field.

One copy of "1989 Illinois Pest Control Handbook" to each area and field office.

One copy of "Illinois Agronomy Handbook" to each permanent full time district conservationist, soil conservationist and technician as well as one copy to each area and RC&D office.

ACTION REQUIRED

Make the following pen and ink changes in the "Technical Handbook", Manuals and other Technical References used in the Field Office" found in Section IA of the Field Office Technical Guide.

Add the title "Midwestern Wetland Flora - Field Office Guide to Plant Species" to Section II Biology & Wildlife and record where it is shelved.

Line out items d, e, and f, under Section I Agronomy title "1989 Illinois Pest Control Handbook" at the end of Section I Agronomy and show it to be located in Technical Reference File, Section I-A-References.

Also, please make a pen and ink change to Technical Guide Notice IL-8 dated 2/8/89 changing it to Technical Guide Notice IL-87.
