MO-CPA-52 Threatened & Endangered Species Planning Decision Flow Chart

Is there a T & E species present in
the area of the **planned conservation system**?
(See MDC Natural Heritage Database adapted for NRCS use – MO-FOTG Section II F. 1.)

YES

Will the planned conservation system negatively affect the species? (Use MO-CPA-52 Impact Table)

YES

Consult with Area Biologist to recommend alternatives that would result in a positive or negligible effect on the species.

Landuser accepts an alternative that avoids negative impact

YES

Proceed with planning

NO

Consult Area Biologist for further guidance if conservation system is determined to have a negative Impact.

NO

Proceed with planning

NO
