WEST VIRGINIA TECHNICAL GUIDE
SECTION III

NOTICE NO. 3-03

Purpose: To transmit a Guidance Document for inclusion in your Field Office Technical Guide (FOTG).

Background: The guidance documents can be used to document if a cooperator is at an RMS level for riparian forest buffer. This form can be used to document the benchmark condition and the selected alternative for CRP/CREP environmental evaluations for riparian forest buffers.

Effective Date: Upon Receipt

Filing Instructions: File this Guidance Document for Buffer-Forest behind the green tab labeled Other in Section III – FOTG.

RICHARD D. HEASLIP
