

STATEMENT OF WORK Combustion System Improvement (372) Vermont

These deliverables apply to this individual practice. For deliverables for other planned practices, refer to those specific Statements of Work.

DESIGN

Deliverables

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices
 - Practice purpose(s) as identified in the conservation plan.
 - List of required permits to be obtained by the client and regulations to be met
 - List of facilitating practices
 - Practice standard criteria-related computations and analyses to develop plans and specifications including but not limited to:
 - Expected reductions in emissions or energy use
 - Reduction calculations, analysis, etc.
 - Documentation of destruction (or disabling, if applicable) and proper disposal
2. Written plans and specifications including sketches and drawings are provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
3. Operation and maintenance plan
4. Certification that the design meets practice standard criteria and complies with applicable laws and regulations
5. Design modifications during installation as required

INSTALLATION

Deliverables

1. Pre-installation conference with client
2. Verification that client has obtained required permits
3. Installation guidance and inspection as needed
 - Actual materials used
 - Inspection records, such as notes, photographs, etc.
4. Facilitate and implement required design modifications with client and original designer
5. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation
6. Certification that the installation process and materials meets design and permit requirements

CHECK OUT

Deliverables

1. Records of application
 - Extent of practice units applied
 - Actual materials used
2. Certification that the application meets NRCS standards and specifications and is in compliance with permits

3. Progress reporting
