

STATEMENT OF WORK Energy Efficient Lighting System (670) Vermont

These deliverables apply to this individual practice. For deliverables for other planned practices, refer to those specific Statements of Work.

DESIGN

Deliverables

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices. Include—
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. List of required permits to be obtained by the client and regulations to be met.
 - c. Compliance with NRCS national and State utility safety policy (National Engineering Manual (NEM) (Title 210), Part 503, Subpart A, "Engineering Activities Affecting Utilities," Sections 503.0 through 503.6).
 - d. List of facilitating practices.
 - e. Practice standard criteria-related computations and analyses to develop plans and specifications including but not limited to—
 - i. Targeted lighting levels and sources.
 - ii. Energy reduction calculations, analysis, etc.
2. Written plans and specifications, including sketches and drawings, provided to the client that adequately describe the requirements to install the practice and obtain necessary permits.
3. Design report and inspection plan as appropriate (210-NEM, Part 511, Subpart B, "Documentation," Section 511.11; and Part 512, Subpart D, "Quality Assurance Activities," Sections 512.30 through 512.32).
4. Operation and maintenance plan.
5. Certification the design meets NRCS practice standard criteria and complies with applicable laws and regulations (210-NEM, Part 505, Subpart A, "Introduction," Section 505.0; and Subpart B, Procedures," Sections 505.10 through 505.12).
6. Design modifications during installation as required.

INSTALLATION

Deliverables

1. Preinstallation conference with client and contractor.
2. Verification that client has obtained required permits.
3. Installation guidance as needed.
4. Installation inspection (according to inspection plan as appropriate).
 - a. Actual materials used (210-NEM-512, Subpart C, "Evaluation of Construction Materials," Sections 512.20 through 512.23; and Subpart D, "Quality Assurance Activities," Section 512.33).
 - b. Inspection records.
5. Facilitate and implement required design modifications with client and original designer.
6. Advise client/NRCS on compliance issues with all Federal, State, Tribal, and local laws, regulations and NRCS policies during installation.
7. Certification the installation process and materials meets design and permit requirements (210-NEM-512, Subpart C, "Evaluation of Construction Materials," Sections 512.20 through 512.23; and Subpart D, "Quality Assurance Activities," Section 512.33).

CHECK OUT

Deliverables

1. Records of application.
 - a. Extent of practice units applied
 - b. Actual materials used
2. Certification the application meets NRCS standards and specifications and is in compliance with permits.
3. Progress reporting.
