

STATEMENT OF WORK Prescribed Grazing (528) Hawaii and Pacific Islands

These deliverables apply to this individual practice. For deliverables for other planned practices, refer to those specific Statements of Work.

DESIGN

Deliverables

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices.
 - a. Practice purpose(s) as identified in the conservation plan
 - b. List of required permits to be obtained by the client
 - c. List of facilitating practices
 - d. Practice standard criteria-related inventories and analyses to develop grazing management plans including but not limited to:
 - i. Resource and forage inventories
 - ii. Forage-animal balance
 - iii. Grazing Plans
 - iv. Drought Plan
2. Written plans, specifications and implementation requirements template including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
3. Identify fields where practice to be applied on a farm or ranch plan map.
4. Specification sheet provided to the client that adequately describes the requirements to apply the practice and obtain necessary permits.
5. Operation and maintenance plan.
6. Certification that the Grazing Management Plan meets practice standard criteria and comply with applicable laws and regulations
7. Design modifications during installation as required.

INSTALLATION

Deliverables

1. Pre-installation conference with client.
2. Verification that client has obtained required permits.
3. Application assistance
4. Facilitate and implement required design modifications with client and original designer.
5. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during implementation.
6. Certification that the application process and materials meet design and permit requirements.

CHECK OUT

Deliverables

1. Records of application.
 - a. Extent of practice units applied
 - b. Utilization check

2. Certification that the application meets NRCS standards and specifications and is in compliance with permits.
3. Progress reporting.
4. Exit conference with client and contractor.
