

**NATURAL RESOURCES CONSERVATION SERVICE
STATEMENT OF WORK**

CONSERVATION CROP ROTATION

CODE (328)

These deliverables apply to this individual practice. For other planned practice deliverables, refer to those specific Statements of Work.

DESIGN (PLANNING REQUIREMENTS)

Deliverables

1. Complete documentation to support Colorado NRCS criteria and compatibility with other planned and applied practices.
 - a. Document the practice purpose(s) as identified in the conservation plan.
 - b. List all required and/or facilitating practices to be planned and applied.
 - c. Document purpose specific criteria-related computations and analyses such as, but not limited to the following.
 - i. Planned crop rotation or cropping sequence
 - ii. Planned sequence of crop types
 - iii. Total length of crop rotation in years
 - iv. Field acres, soil survey area and map unit(s)
 - v. Water and wind erosion prediction calculations
 - vi. Soil Conditioning Index Organic Matter Sub-factor calculation(s)
2. Provide written plans and specifications to the client including sketches and drawings that adequately describe the requirements to install the practice and obtain necessary permits. Develop plans and specifications in accordance with the Conservation Crop Rotation 328, Conservation Practice Standard. Record Practice Specifications on a Colorado Conservation Crop Rotation 328, Conservation Practice Job Sheet
3. Provide a written operation and maintenance plan.
4. Provide written certification that the design meets practice standard criteria and complies with applicable laws and regulations.
5. Design modifications during application as required.

INSTALLATION

Deliverables

1. Conduct a pre-application conference with the client.
2. Provide application guidance as needed.
3. Facilitate and implement any required design modifications with the client and the original designer.
4. Advise the client/NRCS on compliance issues with all Federal, state, tribal and local laws, regulations and NRCS policies during the application.

CHECK OUT

Deliverables

1. Provide records of application including:
 - a. A completed Colorado Conservation Crop Rotation 328, Job Sheet including any required attachments;
 - b. Extent of practice units applied, and;
 - d. Crops actually planted.
2. Provide certification that the application meets NRCS standards and specifications and complies with all applicable permits.
3. Complete progress reporting.
