

## Ash Seed Collection Form

### PLANT INFORMATION

*Check species enclosed*

*Black Ash*   
*Green Ash*   
*White Ash*   
*Blue Ash*   
*Other*   
*specify* \_\_\_\_\_

*Single tree collection? YES or NO*

*Trees producing seed were likely (circle one)*

*Native Tree(s)      Planted Nursery Stock*

### COLLECTION INFORMATION

**Date Collected** \_\_\_\_\_

**Collector's Name** \_\_\_\_\_

**Collector's Affiliation** \_\_\_\_\_

**Address** \_\_\_\_\_

**City, State ZIP** \_\_\_\_\_

**Phone** \_\_\_\_\_

**Email** \_\_\_\_\_

**Is this tribal seed? YES or NO**

**If YES, what tribe?** \_\_\_\_\_

**If YES, would tribe be willing to share some seed for inclusion in the non-tribal collection? Y or N**

### COLLECTION SITE INFORMATION

**State** \_\_\_\_\_

**County** \_\_\_\_\_

**Township** \_\_\_\_\_

**Range** \_\_\_\_\_

**GPS Coordinates** \_\_\_\_\_

**MLRA** \_\_\_\_\_

**(Major Land Resource Area: Refer to MLRA map or consult local NRCS Field Office )**

*Any additional information about the sample identification.*

- *Please complete the above form.*
- *Enclose the completed form with the seed shipment.*
- *Be sure to label each collection as it is made, so collections do not get mixed up. Send seed to the Rose Lake Plant Materials Center within 24 hours after collection. (See address at top of page.)*

**Seed Collection:** Check each collection for filled seed and then attempt to get at least 500 seeds for each population. Mature seed is typically brown to tan in color and separates easily from the tree.

Put seeds in a cloth or paper bag and store under cool, dry conditions until shipment to the Rose Lake Plant Materials Center. **DO NOT store seeds in a plastic bag.**
