

STATEMENT OF WORK
Silvopasture Establishment 381
Missouri

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

DESIGN**Deliverables:**

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices.
 - a. Practice purpose(s) as identified in the conservation plan
 - b. List of required permits to be obtained by the client
 - c. Practice standard criteria-related computations and analyses to develop plans and specifications including but not limited to:
 - i. Establishment method, planting rate, spacing and timing for plant establishment or removal.
 - ii. Date of planting; number and type of species
 - iii. Conservation tree and shrub suitability group
 - iv. Weed control measures
 - v. Required establishment and management of forages and livestock.
 - vi. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describe the requirements to install the practice and/or obtain necessary permits.
2. Documentation of needed operation and maintenance.
3. Certification that the design meets practice standard criteria and comply with applicable laws and regulations.
4. Design modifications during installation as required.

INSTALLATION**Deliverables**

1. Pre-application conference with client.
2. Verification that client has obtained required permits if required or documentation if no permit is required.
3. Staking and layout according to plans and specifications including applicable layout notes.
4. Application guidance as needed.
5. Facilitate and implement required design modifications with client and original designer.
6. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation.
7. Certification that the application process and materials meet design and permit requirements.

CHECK OUT**Deliverables**

1. Records of application.
 - a. Extent (acres) and location of practice units applied
 - b. Actual establishment materials and layout (number of plants, species and spacing) used
 - c. Date practice applied
2. Certification that the application meets NRCS standards and specifications and is in compliance with permits.
3. Progress reporting.
