

STATEMENT OF WORK
Tree/Shrub Establishment (612)
Missouri

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

DESIGN

Deliverables:

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices.
 - a. Practice purpose(s) as identified in the conservation plan
 - b. List of required permits to be obtained by the client
 - c. Practice standard criteria-related computations and analyses to develop plans and specifications including but not limited to:
 - i. Adapted species of woody plants to be planted (conservation tree and shrub suitability group) and/or naturally reestablished; spacing and number of species to plant
 - ii. Site preparation methods
 - iii. Location of planting and plant spacing requirements
 - iv. Protective measures for planted stock including weed control, supplemental water, cultural treatments to enhance survival and health, and use exclusion
 - v. Planting date
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
3. Documentation of needed operation and maintenance.
4. Certification that the design meets practice standard criteria and comply with applicable laws and regulations.
5. Design modifications during installation as required.

INSTALLATION

Deliverables

1. Pre-application conference with client.
2. Verification that client has obtained required permits.
3. Staking and layout according to plans and specifications including applicable layout notes.
4. Application guidance as needed.
5. Facilitate and implement required design modifications with client and original designer.
6. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation.
7. Certification that the application process and materials meet design and permit requirements.

CHECK OUT

Deliverables

1. Records of application.
 - a. Extent (acreage) and location of practice units applied
 - b. Actual plant materials used (number, species, spacing)
 - c. Protective measures established
 - d. Date of practice application
2. Certification that the application meets NRCS standards and specifications and is in compliance with permits.
3. Progress reporting.
