

Example of Cultural Resources Survey

NATURAL RESOURCES CONSERVATION SERVICE CULTURAL RESOURCES SURVEY FORM

(Complete this Form to Request a Field Examination by the NRCS Archaeologist.)

Landowner/Operator Name: Lee Ving, dba. Hasta la Vista Farms

Funding Source: (e.g. EQIP, WHIP, WRP, etc.) EQIP

Project Description: (Describe what is to be done [pond construction, construction of ingress/egress routes, tree planting, timber clearing, controlled burn, etc.], how it will be done, size of the project [acres disturbed, acres inundated, etc.], how much land will be affected [length of dam, if excavating sediments how deep, etc.])

Three ponds will be constructed, each consisting of approximately 10 surface acres; three cross-fences will be installed (no clearing or land-leveling will be necessary); water-well and pipeline from barn to pasture; and firebreak and burn in 2007.

Location: (Provide legal description of project area and then plot the area on the corresponding quadrangle map.) S ½, N ½ and S ½ Section 8, T32N, R27E, Indian Meridian.

Name of quadrangle map: Fort Beggs NW 7.5 minute.

Current Land Use: Wooded with some pasture and small scale agriculture.

Vegetation: (% ground cover) Extensive leaf-litter in wooded area (100%), 90% coverage in pasture and 0% in disked crop field.

Previous Disturbance: Power line ROW, quarrying, and highway construction.

Cultural Material Collected and/or Observed: Old homestead cellar across the road.

Additional Comments: (e.g. priority level) This project will begin in the Spring.

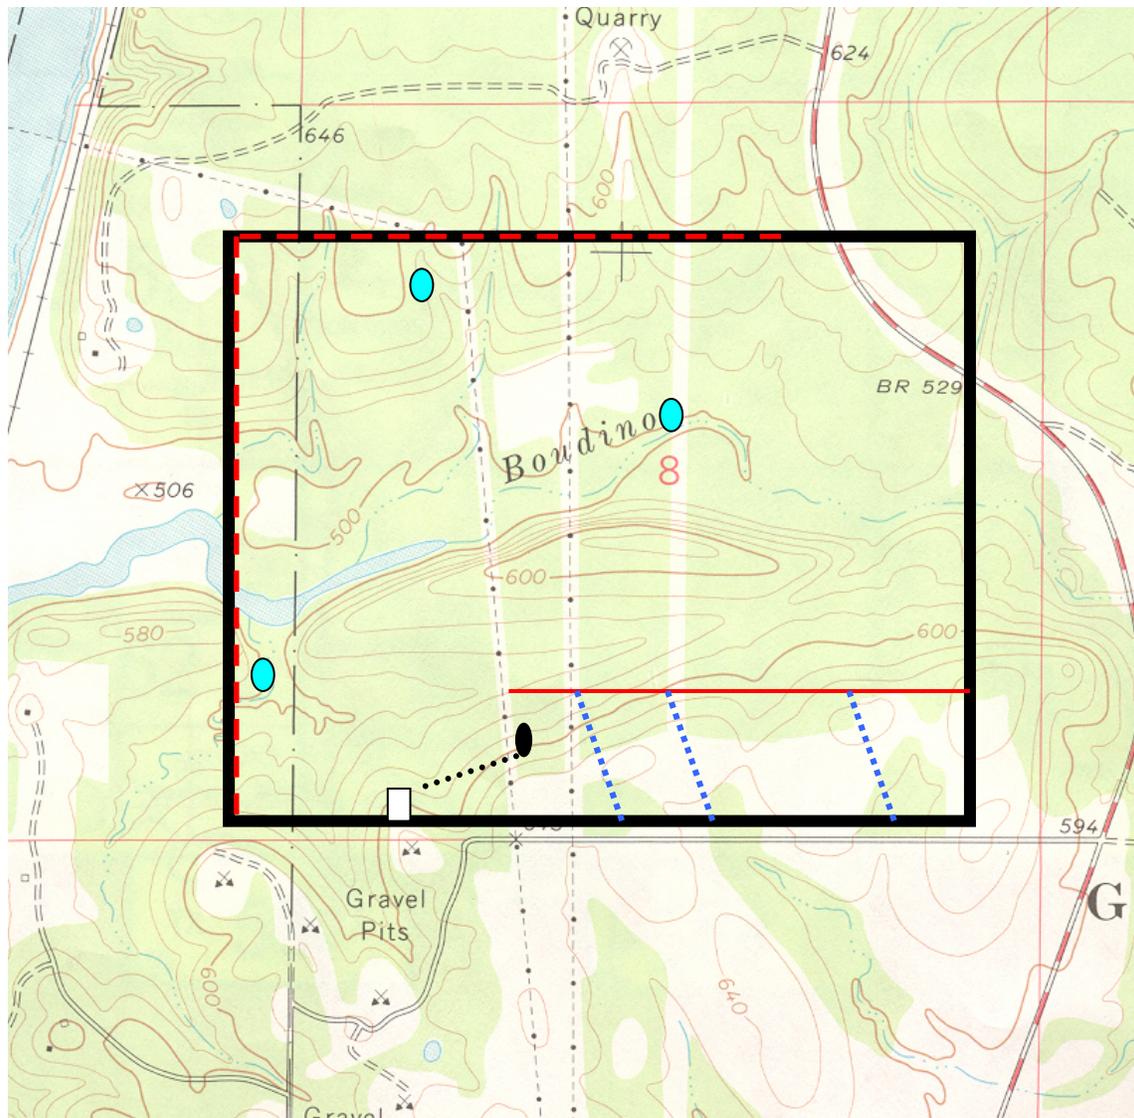

Name: Rusty Shackelford

Field Office: Arlen
