O. Agencies, persons, and references consulted :						
P. Findings. Indicate which of the alternatives from Section H is the preferred alternative.						
I have considered the effects of this action and the alternatives on the Resource, Economic, and Social Considerations; the Special Environmental Concerns; and the extraordinary circumstances criteria in the instructions for form NRCS-CPA-52. I find, for						
<input type="checkbox"/> is <b>not a federal action</b> . No additional analysis is required.						
<input type="checkbox"/> is <b>categorically excluded</b> from further environmental analysis and there are no extraordinary circumstances. No additional analysis is required.						
<input type="checkbox"/> has been <b>sufficiently analyzed</b> in an existing NRCS environmental document. No additional analysis is required.						
<input type="checkbox"/> may require preparation of an EA or EIS. The action will be referred to the State Office.						
Q. Rationale supporting the finding:
