**WEST VIRGINIA TECHNICAL GUIDE
SECTION V**

NOTICE NO. 1-02

Purpose: To transmit a new section into the FOTG distributed in March 2001 (black binder).

Background: The enclosed material provides a planner with a numerical rating for the effects a conservation practice can have on a resource of concern (SWPAA). This rating assumes the practice is installed and maintained to the NRCS standard.

Effective Date: Upon receipt.

Filing Instructions: Place this new information in Section V of your FOTG per the following instructions:
