**WEST VIRGINIA TECHNICAL GUIDE
SECTION I**

NOTICE NO. 4-01

Purpose: To transmit the publication "Guide to Pasture Condition Scoring" and "Pasture Condition Score Sheet".

Background: Pasture condition scoring is a systematic way to check how well a pasture is managed and provides you with a tool to identify factors that are degrading a grazing system.

Effective Date: Upon receipt.

Filing Instructions: File publication in FOTG Agronomy file and replace Agronomy reference page dated February 2000 with enclosed update.

James L. Pape, Acting for

William J. Hartman
State Conservationist
