Field Office

MANDATORY DOCUMENTATION WITHIN THE PLAN

- Practice objective,
Identification of the extent of practices applied,
Location identification, this can be an aerial photo, soils map, reference to the conservation plan map, or a sketch in the plan drawings (legal description is required),
Environmental Evaluation NRCS-WA-CPA-052,
Documentation of necessary permits – federal, state, tribal, local - as applicable, and
Site-specific practice specification

The following additional data are needed for the specific practices listed.

Table with 3 columns: Check Box, Requirements, COMMENTS. Lists various requirements like 'Actual location/dimensions/elevations', 'Actual Materials Used', etc.

Additional practices [supporting practices] may be necessary to implement, install, operate or maintain this practice. Check the requirements of this practice standard and provide the Practice Documentation Checklist for the necessary supporting practices.

Certification:

For non-NRCS employees: If state license is required then all applicable state certification requirements are met (i.e. P.E. stamp). I have completed a review of all of the practice documentation and certify the applied practice meets NRCS specifications.
