<b>Source Data for the Official Soil Survey</b>
---

**Anson County - General**

The traditional final product of first generation soil survey mapping has been the soil survey publication. Each publication included soil map unit descriptions, series descriptions, tables of information (attributes), and maps. One copy of this publication is retained at the USDA Service Center, NRCS Field Office, and designated as the "Official Copy". This official copy was established to maintain the most current soil information for a survey area.

The Anson County soil survey is not yet published. The soil survey manuscript is available from this site in Adobe PDF format. The official source of soil data is the NASIS database and the digital spatial data (SSURGO). The SSURGO tabular and/or spatial data may be downloaded from:

<http://soildatamart.nrcs.usda.gov/Download.aspx?Survey=NC007&UseState=NC>

A web based set of data is also available. Interpretations and data may be accessed at:

<http://soildatamart.nrcs.usda.gov/Report.aspx?Survey=NC007&UseState=NC>

The data on this site is the most current available.

Copies of the interim maps are available from:

**WADESBORO FIELD OFFICE**

**TELEPHONE:** (704) 694-3516 **FAX:** (704) 694-2593

**Mailing Address:** Christie Building, 1706 Morven Road  
Wadesboro, NC 28170.
