

## Source Data for the Official Soil Survey

### ***Buncombe County - General***

The traditional final product of first generation soil survey mapping has been the soil survey publication. Each publication includes soil map unit descriptions, series descriptions, tables of information (attributes), and maps. One copy of this publication is retained at the NRCS Field Office and is designated as the "Official Copy." This official copy was established to maintain the most current soil information for a survey area.

The Buncombe County soil survey is not yet published. The soil survey publication is in draft format and is the official source of soil maps.

The official source of soil data is the NASIS database. The NASIS data is available from this site in a Microsoft Access data template. The file name is the county FIPS code with the "zip" extension, nc021.zip. It may be downloaded and unzipped. The template, nc021.mdb, requires Microsoft Access 97 or newer.

Copies of the interim maps are available from:

#### **ASHEVILLE FIELD OFFICE**

**TELEPHONE:** (828) 254-0916 (Ext. 3) **FAX:** (828) 251-4908

**Mailing Address:** Suite 204, 155 Hilliard Avenue, Asheville, NC 28801

Buncombe County information will be available as an interim product once the manuscript has been typeset. Contact the NRCS field office or the soil survey office at:

#### **BLUE RIDGE SOIL SURVEY OFFICE**

**TELEPHONE:** (828) 254-0916, (Ext. 6) **FAX:** (828) 254-0975

**Mailing Address:** Suite 201, 155 Hilliard Avenue, Asheville, NC 28801-3616

**Location:** Buncombe USDA Service Center
