

## Table K1. - Water Features

Pershing County, Nevada, West Part

Depths of layers are in feet. Estimates of the frequency of ponding and flooding apply to the whole year rather than to individual months. Absence of an entry indicates that the feature is not a concern or that data were not estimated.

| Map Symbol<br>and Soil Name | Hydrologic<br>Group | Month   | Water Table    |                |                  | Ponding  |           | Flooding |           |
