

STATEMENT OF WORK
Prescribed Grazing (528)
Maine
June 4, 2004

Contact Paul Hughes, NRCS Agronomist at 207-990-9562 or email concerns to paul.hughes@me.usda.gov

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work

DESIGN

Deliverables:

1. Design documents that demonstrate criteria in practice standard have been met and are compatible with planned and applied practices
 - a. Practice purpose(s) as identified in the conservation plan
 - b. List of required permits to be obtained by the client
 - c. List of facilitating practices
 - d. Practice standard criteria-related inventories and analyses to develop grazing management plans including but not limited to:
 - i. Resource and forage inventories
 - ii. Forage-animal balance
 - iii. Grazing Plans
 - iv. Drought Plan
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits. Plans and specifications shall be developed in accordance with the requirements of conservation practice standard Prescribed Grazing (Code 528).
3. Identify fields where practice to be applied on a farm or ranch plan map
4. Operation and maintenance plan
5. Certification that the Grazing Management Plan meets practice standard criteria and comply with applicable laws and regulations
6. Design modifications during installation as required

INSTALLATION

Deliverables:

1. Pre-application conference with client
2. Verification that client has obtained required permits
3. Application assistance
4. Facilitate and implement required design modifications with client and original designer
5. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during implementation
6. Certification that the application process and materials meets grazing management plan and permit requirements

CHECK OUT

Deliverables:

1. Records of application
 - a. Extent of practice units applied
 - b. Utilization check
2. Certification that the application meets NRCS standards and specifications and is in compliance with permits
3. Exit conference with client and contractor
4. Progress reporting
