TO:

All Holders of the Pennsylvania Technical Guide

FILE CODE: 450-11

Background: Conservation Assistance provided to landowners and operators is to be consistent with the Pennsylvania Rules and Regulations. Several chapters of these rules and regulations had been filed as PA Technical Guide references. Providing copies of all the changes to all holders of the PATG has become very difficult. Therefore, PA Rules and Regulations will no longer be maintained as PATG references. NRCS State Office will maintain a copy of Title 25, Environmental Protection, Rules and Regulations. NRCS employees needing the current version may request it from the NRCS State Office. Copies may also be available from the local Conservation District or Regional PA Department of Environmental Protection office. Others should request it from the appropriate agency in the PADEP.

Purpose: The following Technical Guide References are cancelled: Ref. No. 63 -Chapter 93, Water Quality Standards
Ref. No. 63A -Chapter 16, Water Quality Toxics
Ref. No. 64 -Chapter 102, Erosion Control

Ref. No. 65 -Chapter 105, Dam Safety and Waterway Management Ref. No. 66 -Chapter 109, Safe Drinking Water
Ref. No. 71 -Chapter 101, Special Water Pollution Regulations

Filing Instructions: These references should be removed from the PATG and the titles should be lined out on the reference list in Part 1.
