

STATEMENT OF WORK

RESIDUE MANAGEMENT, RIDGE TILL

CODE (329C)

These deliverables apply to this individual practice. For other planned practice deliverables, refer to those specific Statements of Work.

DESIGN (PLANNING REQUIREMENTS)

Deliverables

1. Complete documentation to support Colorado NRCS criteria and compatibility with other planned and applied practices.
 - a. Document the practice purpose(s) as identified in the conservation plan.
 - b. Document criteria-related computations and analyses to develop plans and specifications including but not limited to:
 - i. Results of NRCS erosion prediction simulations and other applicable technical tools to address targeted criteria;
 - ii. Planned residue amount(s);
 - iii. Orientation of residue;
 - iv. Distribution of residue, and;
 - v. Timing of soil disturbance.
2. Provide written plans and specifications to the client including sketches and drawings, as applicable, which describe the requirements to install the practice to meet the stated purpose. Develop plans and specifications in accordance with the Colorado Residue Management, Ridge Till, 329C Conservation Practice Standard.
3. Provide written certification that the design meets practice standard criteria and complies with applicable laws and regulations.
4. Design modifications during application as required.

INSTALLATION

Deliverables

1. Conduct a pre-application conference with the client.
2. Provide application guidance as needed.
3. Facilitate and implement any required design modifications with the client and the original designer.
4. Advise the client/NRCS on compliance issues with all Federal, state, tribal, and local laws, regulations and NRCS policies during the application.

CHECK OUT

Deliverables

1. Provide records of application including:
 - a. The extent of practice units applied, and;
 - b. Actual amount of residue present during critical erosion period(s) to meet targeted standard criteria
2. Provide certification that the application meets NRCS standards and specifications and complies with all applicable permits.
3. Complete progress reporting.
