BIOLOGY TECHNIAL NOTE NO. 42

August 5, 2005

To: Area Offices
 Field Area Offices

From: Terri Skadeland
 State Biologist

Re: Colorado State Threatened, Endangered and Candidate Species
 List Including Species of Special Concern

The attached Technical Note contains a spreadsheet on the [Threatened, Endangered, Candidate Species and Species of Special Concern Spreadsheet](#). It is intended to be a tool to help NRCS planners and others who need more information on species and habitats. It is not a legal or official list. The most up-to-date and official lists of the U.S. Fish and Wildlife Service and the Colorado Division of Wildlife must be consulted prior to beginning any project.
