614 WATERING FACILITY**

The watering facility practice/components are only applicable to the **Sugar Creek Watershed**.

**The practice is ONLY allowed as a means of providing an alternate water source for livestock when exclusion fencing is used to establish and/or maintain vegetation as a buffer along the stream channel, and livestock are excluded from the stream channel.

When this practice is used a grazing plan is required, with emergency storage, and anything else required by the Oklahoma standard and specification for the Watering Facility (614) practice.
