

**NATURAL RESOURCES CONSERVATION SERVICE  
DOCUMENTATION GUIDE**

**WILDLIFE WATERING FACILITY**

(Acre)

**CODE 648**

**REQUIRED FORMS**

1. Practice narratives will be included in the Conservation Plan of Operations. The Contract Support Document may serve as the Conservation Plan of Operations in some cases.
2. Wildlife Watering Facility (Practice 648) Job Sheet.
3. CO-ECS-5 is required if a herbaceous planting is planned.
4. The 612 job sheet is required if woody species plantings are planned.

**OPTIONAL DOCUMENTS**

1. As needed to document planned conditions in the Job Sheet.

**PLANNING REQUIREMENTS**

1. Document required information on the Job Sheet. Include all appropriate forms such as CO-ECS-5, 612 job sheet, etc. as needed to document required information.
2. Plan map that shows where all planned practices are located.
3. Practice narratives will identify targeted species, habitats, and limiting factors that will be addressed by planned practices.

**PERFORMANCE**

1. Job Sheet with supporting calculations will be used to evaluate adequate design and performance.
2. Document findings in the Conservation Assistance Notes, Conservation Plan of Operations, and if applicable, the Contract Support Document.
