

STATEMENT OF WORK
Contour Farming (330)
Oklahoma

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

DESIGN**Deliverables:**

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices.
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. List of required permits to be obtained by the client
 - c. List all required and/or facilitating practices
 - d. Practice standard criteria-related computations and analyses to develop plans and specifications including but not limited to:
 - i. Minimum/maximum row grade
 - ii. Critical slope length
 - iii. Erosion calculations
 - iv. Minimum ridge height
 2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to apply the practice and obtain necessary permits. Plans and specifications shall be developed in accordance with the conservation practice standard Contour Farming (330).
 3. Operation and maintenance plan.
 4. Certification that the design meets practice standard criteria and complies with applicable laws and regulations.
 5. Design modifications during application as required.
 6. When soil erosion is to be calculated, the current NRCS approved erosion prediction technology will be used
- Note: Job sheet 330 – Contour Farming is available for design.

INSTALLATION**Deliverables:**

1. Pre-application conference with client
 2. Verification that client has obtained required permits
 3. Application guidance as needed
 4. Facilitate and implement required design modifications with client and original designer
 5. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation
 6. Certification that the application process and materials meet design and permit requirements
- Note: Job sheet 330 – Contour Farming is available for design.

CHECK OUT**Deliverables:**

1. Records of application.
 - a. Actual row grade and ridge height applied
 - b. Extent of practice units applied
2. Certify and document that all the criteria listed in the Design Deliverables meet NRCS standards and specifications and are in compliance with permits.
3. Progress reporting.
