¹ Not all practices listed are eligible for EQIP financial assistance. ² This practice is generally a component of another conservation practice that is eligible for cost-shares or incentive payments. ³ Service Life listed is the maximum lifespan. Note: Conservation practice service life may be increased by a state conservationist, with advice from the State Technical Committee, to reflect the conservation needs of a state or locality. Conservation practice service life used in other conservation programs, such as CRP and WRP, should be consistent.
