**The construction of conservation practices on your property could endanger life and property due to the possible involvement of utilities located in the construction area. Because of this, the USDA-Natural Resources Conservation Service (NRCS) is required to inform you of the following:**

State law requires that you and/or your contractor notify **the One-Call Board of Texas at 1-800-545-6005** no more than 14 days, nor less than 48 hours, excluding Saturdays, Sundays, and legal holidays, prior to starting construction/excavation activities.

**Texas One-Call Confirmation Number (required)** \_\_\_\_\_

You and/or your contractor are also responsible for notifying utilities who are non-members of the Texas One-Call System. Some local utilities including water, waste water, slurry and overhead utilities are not required to join a notification or one call center.
