

**Utilities Inventory – Landowner**

**Instructions for use:** This form is used to document utilities in the area of the proposed construction or excavation. This form must be **completed by the landowner** (or designated representative) **and returned** to USDA-NRCS **prior to the start of any construction or excavation**. Failure to return this form may result in termination of NRCS assistance for the practice.

**Landowner Information**

Name:		Location:	
I.D. No.:	Field No.:	Practice:	

**Advisory Notice**

The construction of conservation practices **could endanger life and property** due to the possible location of utilities within the work area. Additionally, **you could be personally liable for damages** to utilities caused by any construction or excavation activities. NRCS makes no representation on the existence or non existence of any utilities.

**Above Ground Utilities**

Are above ground utilities located near the proposed construction or excavation area?  Yes  No

**Identified Above Ground Utilities (Attach a separate page if necessary)**

Type:	Utility Name:	Utility Representative:	Date Contacted:
-------	---------------	-------------------------	-----------------

Will utility have a representative present during construction?  Yes  No

Type:	Utility Name:	Utility Representative:	Date Contacted:
-------	---------------	-------------------------	-----------------

Will utility have a representative present during construction?  Yes  No

**Contact a Notification Center or Use Statewide Number for ANY Excavation**

**DIG SAFELY and DIG WITH CARE...** Landowners (or designated representative) planning to excavate shall call the statewide number 8-1-1 or 800-545-6005 or contact one of the Notification Centers directly via phone, fax, or electronically no sooner than 14 days nor less than 2 working days (48 hours excluding weekends, holidays, etc.) before they intend to begin excavating. The landowner (or designee) only needs to call one of the Notification Centers. That center will relay the information to the other two centers and all three will notify their member utility companies. Additional information may be obtained at: <http://www.onecalltexas.com/>

**Important:** Water and sewer are not marked through this process.

<b>Notification Center Name:</b>	<b>Notification Method:</b>	<b>Confirmation #:</b>	<b>Date Issued:</b>
----------------------------------	-----------------------------	------------------------	---------------------

Were any underground utilities identified through the notification?  Yes  No
