

Wisconsin Classification of Conservation Practice Effects for T&E Species

Practice Name	Code	Conditions
Access Control	472	Exempt in active cropland or farmstead.
Access Road	560	Exempt in active cropland or farmstead.
Agrichemical Handling Facility	309	Exempt in active cropland or farmstead.
Amendments for Treatment of Agricultural Waste	591	Exempt – practice does not have the potential to impact T&E species.
Animal Trails and Walkways	575	Exempt in active cropland.
Brush Management	314	This practice requires a formal analysis.
Channel Stabilization	584	This practice requires a formal analysis.
Channel Bank Vegetation	322	This practice requires a formal analysis.
Closure of Waste Impoundments	360	Exempt in farmsteads.
Conservation Cover	327	Exempt in active cropland.
Conservation Crop Rotation	328	Exempt in active cropland.
Conservation Power Plant	716 (Interim)	Exempt in active cropland or farmstead.
Constructed Wetland	656	This practice requires a formal analysis.
Contour Buffer Strips	332	Exempt in active cropland.
Contour Farming	330	Exempt in active cropland.
Cover Crop	340	Exempt in active cropland.
Critical Area Planting	342	Exempt in active cropland or farmstead.
Diversion	362	Exempt in active cropland or farmstead.
Early Successional Habitat Development/Management	647	This practice requires a formal analysis.
Feed Management	592	Exempt – practice does not have the potential to impact T&E species.
Fence	382	Exempt in active cropland or farmstead.
Field Border	386	Exempt in active cropland.
Filter Strip	393	Exempt in active cropland.
Firebreak	394	Exempt in active cropland or farmstead.
Fish Passage	396	This practice requires a formal analysis.
Forage Harvest Management	511	Exempt in active cropland.
Forest Site Preparation	490	This practice requires a formal analysis.
Forest Stand Improvement	666	This practice requires a formal analysis.
Forest Trails and Landings	655	This practice requires a formal analysis.

Practice Name	Code	Conditions
Grade Stabilization Structure	410	Exempt in active cropland.
Grassed Waterway	412	Exempt in active cropland or farmstead.
Heavy Use Area Protection	561	Exempt in active cropland or farmstead.
Hedgerow Planting	422	Exempt in active cropland.
Irrigation Regulating Reservoir	552	This practice requires a formal analysis.
Irrigation System, Sprinkler	442	Exempt in active cropland.
Irrigation System, Tailwater Recovery	447	This practice requires a formal analysis.
Irrigation Water Conveyance, Aluminum Tubing Pipeline	430AA	Exempt in active cropland.
Irrigation Water Conveyance, High-Pressure, Underground, Plastic Pipeline	430DD	Exempt in active cropland.
Irrigation Water Management	449	Exempt in active cropland.
Lined Waterway or Outlet	468	Exempt in active cropland or farmstead.
Manure Transfer	634	Exempt in active cropland or farmstead.
Mine Shaft and Adit Closing	457	This practice requires a formal analysis.
Mulching	484	This practice requires a formal analysis.
Nutrient Management	590	Exempt – practice does not have the potential to impact T&E species.
Obstruction Removal	500	This practice requires a formal analysis.
Open Channel	582	This practice requires a formal analysis.
Pasture and Hayland Planting	512	Exempt in active cropland or farmstead.
Pest Management	595	This practice requires a formal analysis.
Pipeline	516	Exempt in active cropland or farmstead.
Pond	378	This practice requires a formal analysis.
Pond Sealing or Lining, Flexible Membrane Lining	521A	This practice requires a formal analysis.
Pond Sealing or Lining, Bentonite Treatment	521C	This practice requires a formal analysis.
Prescribed Burning	338	This practice requires a formal analysis.
Prescribed Grazing (Managed Grazing – Wisconsin)	528	Exempt in active cropland.
Pumping Plant	533	This practice requires a formal analysis.
Recreation Trail and Walkway	568	This practice requires a formal analysis.
Residue and Tillage Management – Mulch Till	345	Exempt in active cropland.
Residue and Tillage Management – No Till/Strip Till/Direct Seed	329	Exempt in active cropland.
Residue and Tillage Management – Ridge Till	346	Exempt in active cropland.

Practice Name	Code	Conditions
Residue Management, Seasonal	344	Exempt in active cropland.
Restoration and Management of Declining Habitats	643	This practice requires a formal analysis.
Riparian Forest Buffer	391	Exempt in active cropland.
Roof Runoff Structure	558	Exempt – practice does not have the potential to impact T&E species.
Seasonal High Tunnel System for Crops	798 (Interim)	Exempt in active cropland.
Sediment Basin	350	Exempt in active cropland or farmstead.
Shallow Water Management for Wildlife	646	This practice requires a formal analysis.
Shoreland Habitat	643A (Interim)	This practice requires a formal analysis.
Sinkhole and Sinkhole Area Treatment	527	This practice requires a formal analysis.
Solid/Liquid Waste Separation Facility	632	Exempt – practice does not have the potential to impact T&E species.
Spoil Spreading	572	This practice requires a formal analysis.
Spring Development	574	This practice requires a formal analysis.
Stream Crossing	578	This practice requires a formal analysis.
Stream Habitat Improvement and Management	395	This practice requires a formal analysis.
Streambank and Shoreline Protection	580	This practice requires a formal analysis.
Stripcropping	585	Exempt in active cropland.
Structure for Water Control	587	Exempt in active cropland.
Subsurface Drain	606	This practice requires a formal analysis.
Surface Drainage, Field Ditch	607	This practice requires a formal analysis.
Surface Drainage, Main or Lateral	608	This practice requires a formal analysis.
Terrace	600	Exempt in active cropland.
Tree/Shrub Establishment	612	Exempt in active cropland or farmstead.
Tree/Shrub Pruning	660	This practice requires a formal analysis.
Underground Outlet	620	Exempt in active cropland or farmstead.
Vegetated Treatment Area	635	Exempt in active cropland or farmstead.
Waste Facility Cover	367	Exempt – practice does not have the potential to impact T&E species.
Waste Storage Facility	313	Exempt in active cropland or farmstead.
Waste Treatment	629	Exempt – practice does not have the potential to impact T&E species.
Water and Sediment Control Basin	638	Exempt in active cropland or farmstead.
Water Well	642	Exempt in active cropland or farmstead.

Practice Name	Code	Conditions
Watering Facility	614	Exempt in active cropland or farmstead.
Well Decommissioning	351	This practice requires a formal analysis.
Wetland Creation	658	This practice requires a formal analysis.
Wetland Enhancement	659	This practice requires a formal analysis.
Wetland Restoration	657	This practice requires a formal analysis.
Wetland Wildlife Habitat Management	644	This practice requires a formal analysis.
Wildlife Upland Habitat Management	645	This practice requires a formal analysis.
Windbreak/Shelterbelt Establishment	380	Exempt in active cropland or farmstead.
