

**NATURAL RESOURCES CONSERVATION SERVICE
CONSERVATION PRACTICE DOCUMENTATION REQUIREMENTS**

RIPARIAN HERBACEOUS COVER

**(Ac.)
CODE 390**

REQUIRED FORMS

- A. The conservation plan narrative will indicate the purpose(s) for which the practice is being established and clearly outline management needed to attain and maintain the desired ecological functions.
- B. SD-CPA-4, Seeding Plan and Record, if herbaceous vegetation is to be established.
- C. SD-CPA-26, Wildlife Habitat Management, if part of a wildlife habitat plan.
- D. SD-CPA-58, Upland Wildlife Habitat Management, if management is planned on a site developed for wildlife habitat

OPTIONAL DOCUMENTS

- A. Habitat Evaluation Procedures
- B. Stream Visual Assessment.

PLANNING REQUIREMENTS

- A. Document existing conditions and existing management factors impacting conditions.
- B. Delineate existing and planned improvements required for the stated purpose(s).

PERFORMANCE

- A. Annually review the condition of the buffer and plan or adjust management to achieve or maintain suitable conditions.
