NATIONAL ENGINEERING MANUAL
210-V-AMENDMENT IA-1

SUBJECT: ENG – REVISED IOWA AMENDMENTS TO THE NATIONAL ENGINEERING
MANUAL (NEM)

PURPOSE. This notice transmits a new complete set of Iowa amendments to the NEM.

EXPIRATION DATE. This amendment is effective upon receipt.

This amendment replaces all the existing Iowa amendments to the National Engineering Manual.

Filing Instructions:

1. Discard all existing Iowa amendments to the National Engineering Manual.
2. View or print the new amendments which are located on the Iowa Engineering webpage. The webpage is accessible at http://www.ia.nrcs.usda.gov/technical/design/iowa_engineering.html
3. The amendments should be filed after the NEM section shown as part of the page number on each amendment.

Note: To differentiate between the national manual and the Iowa amendments it is recommended that a color printer be used.
