MISSOURI TECHNICAL GUIDE TRANSMITTAL NO. 500

The following Missouri Conservation Practice Standard, Statement of Work (SOW) and Jobsheet Agron-22 have been posted on the Missouri Field Office Technical Guide (FOTG):

- *Cover Crop (340) –Standard and SOW*  
Changes have been made to clarify broadcast seeding rates (refer only to the tables), allowable harvest uses, and seeding rate information where needed.
- *JS-AGRON-22—Cover Crop Design and Documentation Worksheet*  
This spreadsheet tool replaces the *SeedRate* calculator for determining seeding rates and total amounts needed for single species and mixtures of cover crop species.

If you have any questions regarding the Cover Crop Standard and JS-Agron-22 please contact Glenn Davis, Conservation Agronomist, Columbia, MO.

A handwritten signature in black ink that reads "J.R. Flores".
