

STATEMENT OF WORK
Wetland Wildlife Habitat Management (644)
Maine

These deliverables apply to this individual practice. For other planned practices, refer to their specific Statements of Work.

DESIGN

Deliverables:

1. Design documentation that will demonstrate that the criteria in NRCS practice standard have been met and are compatible with other planned and applied practices.
2. Practice purpose(s) as identified in the conservation plan.
3. List of required permits to be obtained by the client.
4. List of facilitating practices
5. Practice standard criteria-related inventories and analyses to develop Wetland Wildlife Habitat Management plans and specifications including but not limited to:
 - a. Resource inventories
 - b. Identification of wildlife targeted species
6. Operation and maintenance plan
7. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
8. Certifications that the design meets practice standard criteria and complies with applicable laws and regulations

INSTALLATION

Deliverables

1. Verification that client has obtained required permits
2. Pre-installation conference with client and contractor.
3. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation.
4. Facilitate and implement required wetland wildlife habitat management plan modifications with client and original designer
5. Certification that the application process meets wetland wildlife habitat management plan and permit requirements
6. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation.
7. Certification that the installation process and materials meets design and permit requirements.
8. Staking and layout according to plans and specifications including applicable layout notes.
9. Installation inspection (according to inspection plan as appropriate).
10. Facilitate and implement required design modifications with client and original designer.
 - a. Actual materials used
 - b. Inspection records

CHECK OUT

Deliverables

1. As-Built documentation.
2. Certification that the installation meets NRCS standards and specifications and is in compliance with permits (NEM Subpart A, 505.03(c)(1)).
3. Progress reporting.
