

STATEMENT OF WORK
Critical Area Planting (342)
North Carolina

These deliverables apply to this individual practice. For other planned practice deliverables, refer to those specific Statements of Work.

DESIGN**Deliverables**

1. Design documents that comply with the purpose of the practice selected by the decision-maker and the applicable criteria in the NRCS practice standard and are compatible with other planned and applied practices.
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. List of required permits to be obtained by the client.
 - c. List all required and/or facilitating practices.
 - d. Practice standard criteria-related computations and analyses to develop plans and specifications including but not limited to:
 - i. Planting dates.
 - ii. Site and seedbed preparation.
 - iii. Soil amendments required.
 - iv. Species selection, seeding or planting rates and establishment method.
 - v. Type, amount, and method of anchoring of mulch required.
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
3. Operation and maintenance plan.
4. Certification that the design meets practice standard criteria and comply with applicable laws and regulations.
5. Design modifications during application as required

INSTALLATION**Deliverables**

1. Pre-application conference with client.
2. Verification that client has obtained required permits.
3. Staking and layout according to plans and specifications including applicable layout notes.
4. Application guidance as needed.
5. Facilitate and implement required design modifications with client and original designer.
6. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during application.
7. Certification that the application process and materials meets design and permit requirements.

CHECK OUT**Deliverables**

1. Records of application:
 - a. Extent of practice units applied.
 - b. Actual materials used.
2. Certification that the application meets NRCS standards and specifications and is in compliance with permits.
3. Progress reporting.
