**BIOLOGY TECHNICAL NOTE NO. 44**

June 2007

To:     All Field and Area Offices

From:   Terri Skadeland, State Biologist

This technical note transmits the electronic document, [WATER FOR WILDLIFE: A HANDBOOK FOR RANCHERS AND RANGE MANAGERS](http://www.batcon.org/news2/pdf/bciwaterforwildlife.pdf), available at <http://www.batcon.org/news2/pdf/bciwaterforwildlife.pdf>.

This document was produced by Bat Conservation International in partnership with a number of groups and agencies including NRCS. It has many good pointers for ranchers and planners to consider when planning watering facilities for livestock or wildlife.
