

## STATEMENT OF WORK

### Well Water Testing

CODE (355)

#### **DESIGN**

---

##### **Deliverables:**

1. Design documentation that will demonstrate that the criteria in NRCS practice standard have been met and are compatible with other planned and applied practices.
  - a. Practice purpose(s) as identified in the conservation plan.
  - b. List of required permits to be obtained by the client.
  - c. Practice standard criteria related computations and analyses to develop plans and specifications including but not limited to:
    - i. List of Methods/Procedures of Water Testing
    - ii. The Name of State Certified Laboratory Conducting the Testing
    - iii. Identify specific use of water or concerns
    - iv. Environmental Considerations (e.g. water quality)
2. Written plans including sketches and drawings shall be provided to the client that adequately describes the location and time of water samples taken.

#### **INSTALLATION**

---

##### **Deliverables**

1. Pre installation conference with client and contractor.
2. Verification that client has obtained required permits.
3. Facilitate and implement required design modifications with client and original designer.
4. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation.
5. Certification that the water testing was conducted by a State Certified Laboratory.

#### **CHECK OUT**

---

##### **Deliverables**

1. Date, Time, location of water testing.
2. Methods used for water sampling.
3. Date, Time of Water Test Analysis,
4. Contaminants Tested for.
5. Laboratory Identification and Certification and
6. Test results and interpretations.
