

## County Species List For Kentucky

Below are federally listed Threatened and Endangered Species, Species Proposed for Federal Listing (Proposed), Federal Candidate Species, USFWS Species of Management Concern (SMC), and species covered by a State Conservation Agreement (SCA) or Bald and Golden Eagle Act (BGEPA) for Kentucky. Critical habitat designations are also identified for affected species. Species are listed by county. NRCS personnel and partners shall utilize this list during the planning process to evaluate potential effects to these species and ensure Endangered Species Act (ESA) and National Environmental Policy Act (NEPA) compliance.
