COST REDUCTION OPTIONS

SEC. 1009. [7 U.S.C. 1308a] (a) Notwithstanding any other provision of law, whenever the Secretary of Agriculture determines that an action authorized under subsection (c), (d), or (e) will reduce the total of the direct and indirect costs to the Federal Government of a commodity program administered by the Secretary without adversely affecting income to small- and medium-sized producers participating in such program, the Secretary shall take such action with respect to the commodity program involved.

(b) In the announcement of the specific provisions of any commodity program administered by the Secretary of Agriculture, the Secretary shall include a statement setting forth which, if any, of the actions are to be initially included in the program, and a statement that the Secretary reserves the right to initiate at a later date any action not previously included but authorized by this section, including the right to reopen and change a contract entered into by a producer under the program if the producer voluntarily agrees to the change.

(c) When a nonrecourse loan program is in effect for a crop of a commodity, the Secretary may enter the commercial market to purchase such commodity if the Secretary determines that the cost of such purchases plus appropriate carrying charges will probably be less than the comparable cost of later acquiring the commodity through defaults on nonrecourse loans under the program.

(d) When the domestic market price of a commodity for which a nonrecourse loan program (including the program authorized by section 110 of the Agricultural Act of 1949 (7 U.S.C. 1445e)) is in effect is insufficient to cover the principal and accumulated interest on a loan made under such program, thereby encouraging default by a producer, the Secretary may provide for settlement of such loan and redemption by the producer of the commodity securing such loan for less than the total of the principal and all interest accumulated thereon if the Secretary determines that such reduction in the settlement price will yield benefits to the Federal Government due to—

(1) receipt by the Federal Government of a portion rather than none of the accumulated interest;

- (2) avoidance of default; or
 (3) elimination of storage, handling, and carrying charges on the forfeited commodity.
- (e) When a production control or loan program is in effect for a crop of a major agricultural commodity, the Secretary may at any time prior to harvest reopen the program to participating producers for the purpose of accepting bids from producers for the conversion of acreage planted to such crop to diverted acres in return for payment in kind from Commodity Credit Corporation surplus stocks of the commodity to which the acreage was planted, if the Secretary determines that (1) changes in domestic or world supply or demand conditions have substantially changed after announcement of the program for that crop, and (2) without action to further adjust production, the Federal Government and producers will be faced with a burdensome and costly surplus. Such payments in kind shall not be included within the payment limitation per person established under section 1001 of this Act, but shall be limited to a total \$20,000 per year per producer for any one commodity.
- (f) The authority provided in this section shall be in addition to, and not in place of, any authority granted to the Secretary under any other provision of law.

TRADE POLICY DECLARATION

SEC. 1121. [7 U.S.C. 1736p] It is hereby declared to be the agricultural trade policy of the United States to—

(1) be the premier supplier of agricultural and food products to world markets and expand exports of high value products;

(2) support the principle of free trade and the promotion of fair trade in agricultural commodities and products;

(3) cooperate fully in all efforts to negotiate with foreign countries further reductions in tariff and nontariff barriers to

trade, including sanitary and phytosanitary measures and trade-distorting subsidies;

(4) aggressively counter unfair foreign trade practices as a means of encouraging fairer trade;

(5) remove foreign policy constraints to maximize United States economic interests through agricultural trade; and

(6) provide for consideration of United States agricultural trade interests in the design of national fiscal and monetary policy that may foster continued strength in the value of the dollar.

* * * * *

SEC. 1123. [7 U.S.C. 1736r] TRADE NEGOTIATIONS POLICY.

(a) FINDINGS.—Congress finds that—

(1) on a level playing field, United States producers are the most competitive suppliers of agricultural products in the world;

(2) exports of United States agricultural products accounted for \$54,000,000,000 in 1995, contributing a net \$24,000,000,000 to the merchandise trade balance of the United States and supporting approximately 1,000,000 jobs;

(3) increased agricultural exports are critical to the future of the farm, rural, and overall United States economy, but the opportunities for increased agricultural exports are limited by the unfair subsidies of the competitors of the United States, and a variety of tariff and nontariff barriers to highly competitive United States agricultural products;

(4) international negotiations can play a key role in breaking down barriers to United States agricultural exports;

(5) the Uruguay Round Agreement on Agriculture made significant progress in the attainment of increased market access opportunities for United States exports of agricultural products, for the first time—

(A) restraining foreign trade-distorting domestic support and export subsidy programs; and

(B) developing common rules for the application of sanitary and phytosanitary restrictions;

that should result in increased exports of United States agricultural products, jobs, and income growth in the United States;

(6) the Uruguay Round Agreement on Agriculture did not succeed in completely eliminating trade distorting domestic support and export subsidies by—

(A) allowing the European Union to continue unreasonable levels of spending on export subsidies; and

(B) failing to discipline monopolistic state trading entities, such as the Canadian Wheat Board, that use non-transparent and discriminatory pricing as a hidden de facto export subsidy;

(7) during the period 1996 through 2002, there will be several opportunities for the United States to negotiate fairer trade in agricultural products, including further negotiations under the World Trade Organization, and steps toward pos-

sible free trade agreements of the Americas and Asian-Pacific Economic Cooperation (APEC); and

(8) the United States should aggressively use these opportunities to achieve more open and fair opportunities for trade in agricultural products.

(b) GOALS OF THE UNITED STATES IN AGRICULTURAL TRADE NEGOTIATIONS.—The objectives of the United States with respect to future negotiations on agricultural trade include—

(1) increasing opportunities for United States exports of agricultural products by eliminating tariff and nontariff barriers to trade;

(2) leveling the playing field for United States producers of agricultural products by limiting per unit domestic production supports to levels that are no greater than those available in the United States;

(3) ending the practice of export dumping by eliminating all trade distorting export subsidies and disciplining state trading entities so that they do not (except in cases of bona fide food aid) sell in foreign markets at prices below domestic market prices or prices below their full costs of acquiring and delivering agricultural products to the foreign markets; and

(4) encouraging government policies that avoid price-depressing surpluses.

COOPERATOR MARKET DEVELOPMENT PROGRAM

SEC. 1126. [7 U.S.C. 1736u] (a) It is the sense of Congress that the cooperator market development program of the Foreign Agricultural Service should be continued to help develop new markets and expand and maintain existing markets for United States agricultural commodities, using nonprofit agricultural trade organizations to the maximum extent practicable.

(b) The cooperator market development program shall be exempt from the requirements of Circular A 110 issued by the Office of Management and Budget.

EXPORT SALES OF DAIRY PRODUCTS

SEC. 1163. [7 U.S.C. 1731 note; Public Law 99–198] (a) In each fiscal year, the Secretary of Agriculture may sell dairy products for export, at such prices as the Secretary determines appropriate, in a quantity and allocated as determined by the Secretary, consistent with the obligations undertaken by the United States set forth in the Uruguay Round Agreements, if the disposition of the commodities will not interfere with the usual marketings of the United States nor disrupt world prices of agricultural commodities and patterns of commercial trade.

(b) Such sales shall be made through the Commodity Credit Corporation under existing authority available to the Secretary or the Commodity Credit Corporation.

(c) Through September 30, 1995, the Secretary shall report semi-annually to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate on the volume of sales made under this section.

At the option of the owner or operator of the farm, croplines may also be used to delineate a field if farming practices make it probable that the croplines are not subject to change. Any highly erodible land on which an agricultural com-

modity is produced after December 23, 1985, and that is not exempt under section 1212, shall be considered as part of the field in which the land was included on December 23, 1985, unless the owner and Secretary agree to modification of the boundaries of the field to carry out this title.

(10) The term “highly erodible cropland” means highly erodible land that is in cropland use, as determined by the Secretary.

(11)(A) The term “highly erodible land” means land—

(i) that is classified by the Soil Conservation Service as class IV, VI, VII, or VIII land under the land capability classification system in effect on the date of the enactment of this Act; or

(ii) that has, or that if used to produce an agricultural commodity, would have an excessive average annual rate of erosion in relation to the soil loss tolerance level, as established by the Secretary, and as determined by the Secretary through application of factors from the universal soil loss equation and the wind erosion equation, including factors for climate, soil erodibility, and field slope.

(B) For purposes of this paragraph, the land capability class or rate of erosion for a field shall be that determined by the Secretary to be the predominant class or rate of erosion under regulations issued by the Secretary.

(C) EQUATIONS.—Not later than 60 days after the date of enactment of this subparagraph, the Secretary shall publish in the Federal Register the universal soil loss equation and wind erosion equation used by the Department of Agriculture as of that date. The Secretary may not change the equations after that date except following notice and comment in a manner consistent with section 553 of title 5, United States Code.

(12) The term “hydric soil” means soil that, in its undrained condition, is saturated, flooded, or ponded long enough during a growing season to develop an anaerobic condition that supports the growth and regeneration of hydrophytic vegetation.

(13) The term “hydrophytic vegetation” means a plant growing in—

(A) water; or

(B) a substrate that is at least periodically deficient in oxygen during a growing season as a result of excessive water content.

(14) INDIAN TRIBE.—The term “Indian tribe” has the meaning given the term in section 4(e) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b(e)).

(15) The term “in-kind commodities” means commodities that are normally produced on land that is the subject of an agreement entered into under subtitle D.

(16) INTEGRATED PEST MANAGEMENT.—The term “integrated pest management” means a sustainable approach to managing pests by combining biological, cultural, physical, and chemical tools in a way that minimizes economic, health, and environmental risks.

(17) **LIVESTOCK.**—The term “livestock” means all animals raised on farms, as determined by the Secretary.

(18) **NONINDUSTRIAL PRIVATE FOREST LAND.**—The term “nonindustrial private forest land” means rural land, as determined by the Secretary, that—

(A) has existing tree cover or is suitable for growing trees; and

(B) is owned by any nonindustrial private individual, group, association, corporation, Indian tribe, or other private legal entity that has definitive decisionmaking authority over the land.

(19) **PERSON AND LEGAL ENTITY.**—For purposes of applying payment limitations under subtitle D, the terms “person” and “legal entity” have the meanings given those terms in section 1001(a) of this Act (7 U.S.C. 1308(a)).

(20) The term “rental payment” means a payment made by the Secretary to an owner or operator of a farm or ranch containing highly erodible cropland to compensate the owner or operator for retiring such land from crop production and placing such land in the conservation reserve in accordance with subtitle D.

(21) The term “Secretary” means the Secretary of Agriculture.

(22) The term “shelterbelt” means a vegetative barrier with a linear configuration composed of trees, shrubs, and other approved perennial vegetation.

(23) **SOCIALLY DISADVANTAGED FARMER OR RANCHER.**—The term “socially disadvantaged farmer or rancher” has the meaning given the term in section 2501(e)(2) of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 2279(e)(2)).

(24) The term “State” means each of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, the Commonwealth of the Northern Mariana Islands, or the Trust Territory of the Pacific Islands.

(25) **TECHNICAL ASSISTANCE.**—The term “technical assistance” means technical expertise, information, and tools necessary for the conservation of natural resources on land active in agricultural, forestry, or related uses. The term includes the following:

(A) Technical services provided directly to farmers, ranchers, and other eligible entities, such as conservation planning, technical consultation, and assistance with design and implementation of conservation practices.

(B) Technical infrastructure, including activities, processes, tools, and agency functions needed to support delivery of technical services, such as technical standards, resource inventories, training, data, technology, monitoring, and effects analyses.

(26) The term “vegetative cover” means—

(A) perennial grasses, legumes, forbs, or shrubs with an expected life span of 5 or more years; or

(B) trees.

(27) The term “wetland”, except when such term is part of the term “converted wetland”, means land that—

- (A) has a predominance of hydric soils;
 - (B) is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions; and
 - (C) under normal circumstances does support a prevalence of such vegetation. For purposes of this Act, and any other Act, this term shall not include lands in Alaska identified as having high potential for agricultural development which have a predominance of permafrost soils.
- (b) The Secretary shall develop—
- (1) criteria for the identification of hydric soils and hydrophytic vegetation; and
 - (2) lists of such soils and such vegetation.

SUBTITLE B—HIGHLY ERODIBLE LAND CONSERVATION

SEC. 1211. [16 U.S.C. 3811] PROGRAM INELIGIBILITY.

(a) IN GENERAL.—Except as provided in section 1212, and notwithstanding any other provision of law, any person who in any crop year produces an agricultural commodity on a field on which highly erodible land is predominant, or designates land on which highly erodible land is predominant to be set aside, diverted, devoted to conservation uses, or otherwise not cultivated under a program administered by the Secretary to reduce production of an agricultural commodity, as determined by the Secretary shall be ineligible for—

- (1) as to any commodity produced during that crop year by such person—

EXEMPTIONS

SEC. 1212. [16 U.S.C. 3812] (a)(1) During the period beginning on the date of the enactment of this Act and ending on the later of January 1, 1990, or the date that is 2 years after the date land on which a crop of an agricultural commodity is produced was mapped by the Soil Conservation Service for purposes of classifying such land under the land capability classification system in effect on the date of enactment of this Act, except as provided in paragraph (2), no person shall become ineligible under section 1211 for program loans, payments, and benefits as the result of the production of a crop of an agricultural commodity on any land that was—

- (A) cultivated to produce any of the 1981 through 1985 crops of an agricultural commodity; or
- (B) set aside, diverted or otherwise not cultivated under a program administered by the Secretary for any such crops to reduce production of an agricultural commodity.

(2) ELIGIBILITY BASED ON COMPLIANCE WITH CONSERVATION PLAN.—

(B) MINIMIZATION OF DOCUMENTATION.—In carrying out this subsection, the Secretary, Soil Conservation Service, and local soil conservation districts shall minimize the quantity of documentation a person must submit to comply with this paragraph.

(C) CROP INSURANCE.—

(i) OPERATIONS NEW TO COMPLIANCE.—Notwithstanding section 1211(a), in the case of a person that is subject to section 1211 for the first time solely due to the amendment made by section 2611(a) of the Agricultural Act of 2014, any person who produces an agricultural commodity on the land that is the basis of

the payments described in section 1211(a)(1)(E) shall have 5 reinsurance years after the date on which such payments become subject to section 1211 to develop and comply with an approved conservation plan so as to maintain eligibility for such payments.

(ii) EXISTING OPERATIONS WITH PRIOR VIOLATIONS.—Notwithstanding section 1211(a), in the case of a person that the Secretary determines would have been in violation of section 1211(a) if the person had continued participation in the programs requiring compliance at any time after the date of enactment of the Agricultural Act of 2014 and is currently in violation of section 1211(a), the person shall have 2 reinsurance years after the date on which the payments described in section 1211(a)(1)(E) become subject to section 1211 to develop and comply with an approved conservation plan, as determined by the Secretary, so as to maintain eligibility for such payments.

(iii) APPLICABLE REINSURANCE YEAR.—Ineligibility for the payment described in section 1211(a)(1)(E) for a violation under this subparagraph during a crop year shall—

(I) only apply to reinsurance years subsequent to the date of a final determination of a violation, including all administrative appeals; and

(II) not apply to the existing reinsurance year or any reinsurance year prior to the date of the final determination.

(3) Any person who owns or operates highly erodible land that was the subject of a contract entered into under subchapter B of chapter 1 of subtitle D shall only be required to apply a conservation plan established under this subtitle. The person shall not be required to meet a higher conservation standard than the standard applied to other highly erodible cropland located within the same area. If the person's conservation plan requires structures to be constructed, the person shall have until 2 years after the expiration of such contract to comply with the conservation plan, or a longer period of time if the Secretary determines compliance is otherwise technically or economically not feasible, or such longer period is otherwise appropriate, before such person will be subject to program ineligibility with respect to such land under section 1211.

(4) On the expiration of a contract entered into under subchapter B of chapter 1 of subtitle D, the provisions of this subtitle shall apply to the acreage that was the subject of such contract.

(b) No person shall become ineligible under section 1211 for program loans, payments, and benefits as the result of the production of a crop of an agricultural commodity—

(1) planted before the date of enactment of this Act; or

(2) planted during any crop year beginning before the date of enactment of this Act.

(c) No person shall become ineligible under section 1211 for program loans, payments, and benefits as the result of the production of a crop of an agricultural commodity or the designation of land to be set aside, diverted, devoted to conservation uses, or oth-

erwise not cultivated under a program administered by the Secretary to reduce production of an agricultural commodity (hereafter in this subsection referred to as “set aside”)—

(1) on highly erodible land in an area—

(A) within a conservation district, under a conservation system that has been approved by a conservation district after the district has determined that the conservation system is in conformity with technical standards set forth in the Soil Conservation Service technical guide for such district; or

(B) not within a conservation district, under a conservation system determined by the Secretary to be adequate for the protection of highly erodible land that has been set aside or for the production of such agricultural commodity on any highly erodible land subject to this title; or

(2) on highly erodible land that is planted or set aside in reliance on a determination by the Soil Conservation Service that such land was not highly erodible land, except that this paragraph shall not apply to any agricultural commodity that was planted or set aside on any land after the Soil Conservation Service determines that such land is highly erodible land; or

(3) on highly erodible land planted to alfalfa during each of the 1981 through 1985 crop years as part of a rotation practice approved by the Secretary, if the person has submitted a conservation plan, in which case, such person shall have until June 1, 1988, to comply with the plan without being subject to program ineligibility under section 1211.

(d) Section 1211 shall not apply to a loan described in section 1211 made before the date of enactment of this Act.

(e) If a tenant is determined to be ineligible for payments and other benefits under section 1211, the Secretary may limit such ineligibility only to the farm which is the basis for such ineligibility determination if—

(1) the tenant has established to the satisfaction of the Secretary that—

(A) the tenant has made a good faith effort to meet the requirements of this section, including enlisting the assistance of the Secretary to obtain a reasonable conservation plan for such farm; and

(B) the landlord on the farm refuses to comply with such plan on such farm; and

(2) the Secretary determines that such lack of compliance is not a part of a scheme or device to avoid such compliance. The Secretary shall provide an annual report to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate concerning the ineligibility determinations limited during the previous 12-month period under this subsection.

(f) GRADUATED PENALTIES.—

(1) INELIGIBILITY.—No person shall become ineligible under section 1211 for program loans, payments, and benefits as a result of the failure of the person to actively apply a con-

servation plan, if the Secretary determines that the person has acted in good faith and without an intent to violate this subtitle.

(2) ELIGIBLE REVIEWERS.—A determination of the Secretary, or a designee of the Secretary, under paragraph (1) shall be reviewed by the applicable—

(A) State Executive Director, with the technical concurrence of the State Conservationist; or

(B) district director, with the technical concurrence of the area conservationist.

(3) PERIOD FOR IMPLEMENTATION.—A person who meets the requirements of paragraph (1) shall be allowed a reasonable period of time, as determined by the Secretary, but not to exceed 1 year, during which to implement the measures and practices necessary to be considered to be actively applying the conservation plan of the person.

(4) PENALTIES.—

(A) APPLICATION.—This paragraph applies if the Secretary determines that—

(i) a person has failed to comply with section 1211 with respect to highly erodible cropland, and has acted in good faith and without an intent to violate section 1211; or

(ii) the violation—

(I) is technical and minor in nature; and

(II) has a minimal effect on the erosion control purposes of the conservation plan applicable to the land on which the violation has occurred.

(B) REDUCTION.—If this paragraph applies under subparagraph (A), the Secretary shall, in lieu of applying the ineligibility provisions of section 1211, reduce program benefits described in section 1211 that the producer would otherwise be eligible to receive in a crop year by an amount commensurate with the seriousness of the violation, as determined by the Secretary.

(5) SUBSEQUENT CROP YEARS.—Any person whose benefits are reduced for any crop year under this subsection shall continue to be eligible for all of the benefits described in section 1211 for any subsequent crop year if, prior to the beginning of the subsequent crop year, the Secretary determines that the person is actively applying a conservation plan according to the schedule specified in the plan.

(g) The Secretary, in providing assistance to an individual in the preparation or revision of a conservation plan under this section, shall provide such individual with information—

(1) concerning cost effective and applicable erosion control measures that may be available to such individual to meet the requirements of this section; and

(2) concerning crop flexibility, base adjustment, and conservation assistance options that may be available to such individual to meet the requirements of this section, including the provisions of titles X, XII, and XIII of the Food, Agriculture, Conservation, and Trade Act of 1990 (or the amendments made by such titles).

(h) Section 1211 shall not apply to the noncommercial production of agricultural commodities on a farm if such production is limited to two acres or less and if the Secretary determines that such production is not intended to circumvent the conservation requirements otherwise applicable to lands under this subtitle.

SEC. 1213. [16 U.S.C. 3812a] DEVELOPMENT AND IMPLEMENTATION OF CONSERVATION PLANS AND CONSERVATION SYSTEMS.

(a) **TECHNICAL REQUIREMENTS.**—In connection with the standards and guidelines contained in Natural Resources Conservation Service field office technical guides applicable to the development and use of conservation measures and management practices as part of a conservation system, the Secretary shall ensure that the standards and guidelines permit a person to use a conservation system that—

- (1) is technically and economically feasible;
- (2) is based on local resource conditions and available conservation technology;
- (3) is cost-effective; and
- (4) does not cause undue economic hardship on the person applying the conservation system under the person's conservation plan.

(b) **MEASUREMENT OF EROSION REDUCTION.**—For the purpose of determining whether there is a substantial reduction in soil erosion on a field containing highly erodible cropland, the measurement of erosion reduction achieved by the application of a conservation system under a person's conservation plan shall be based on the estimated annual level of erosion at the time of the measurement compared to the estimated annual level of erosion that existed before the implementation of the conservation measures and management practices provided for in the conservation system.

(c) **RESIDUE MEASUREMENT.**—

(1) **RESPONSIBILITIES OF THE SECRETARY.**—For the purpose of measuring the level of residue on a field, the Secretary shall—

- (A) take into account any residue incorporated into the top 2 inches of soil, as well as the growing crop, in the measurement;
- (B) provide technical guidelines for acceptable residue measurement methods;
- (C) provide a certification system for third parties to perform residue measurements; and
- (D) provide for the acceptance and use of information and data voluntarily provided by the producer regarding the field.

(2) **ACCEPTANCE OF PRODUCER MEASUREMENTS.**—Annual residue measurements supplied by a producer (including measurements performed by a certified third party) shall be used by the Secretary if the Secretary determines that the measurements indicate that the residue level for the field meets the level required under the conservation plan.

(d) **CERTIFICATION OF COMPLIANCE.**—

(1) **IN GENERAL.**—For the purpose of determining the eligibility of a person for program benefits specified in section 1211 at the time application is made for the benefits, the Secretary

shall permit the person to certify that the person is complying with the person's conservation plan.

(2) STATUS REVIEWS.—If a person makes a certification under paragraph (1), the Secretary shall not be required to carry out a review of the status of compliance of the person with the conservation plan under which the conservation system is being applied.

(3) REVISIONS AND MODIFICATIONS.—The Secretary shall permit a person who makes a certification under paragraph (1) with respect to a conservation plan to revise the conservation plan in any manner, if the same level of conservation treatment provided for by the conservation system under the person's conservation plan is maintained. The Secretary may not revise the person's conservation plan without the concurrence of the person.

(4) CROP INSURANCE PREMIUM ASSISTANCE.—For the purpose of determining the eligibility of a person for the payment described in section 1211(a)(1)(E), the Secretary shall apply the procedures described in section 1221(c)(3)(E) and coordinate the certification process so as to avoid duplication or unnecessary paperwork.

(e) TECHNICAL ASSISTANCE.—The Secretary shall, using available resources and consistent with the Secretary's other conservation responsibilities and objectives, provide technical assistance to a person throughout the development, revision, and application of the conservation plan and any conservation system of the person. At the request of the person, the Secretary may provide technical assistance regarding conservation measures and management practices for other lands of the person that do not contain highly erodible cropland.

(f) ENCOURAGEMENT OF ON-FARM RESEARCH.—To encourage on-farm conservation research, the Secretary may allow a person to include in the person's conservation plan or a conservation system under the plan, on a field trial basis, practices that are not currently approved but that the Secretary considers have a reasonable likelihood of success.

SOIL SURVEYS

SEC. 1214. [16 U.S.C. 3813] The Secretary shall, as soon as is practicable after the date of enactment of this Act, complete soil surveys on those private lands that do not have a soil survey suitable for use in determining the land capability class for purposes of this subtitle. In carrying out this section, the Secretary shall, insofar as possible, concentrate on those localities where significant amounts of highly erodible land are being converted to the production of agricultural commodities.

SEC. 1215. [16 U.S.C. 3814] NOTICE AND INVESTIGATION OF POSSIBLE COMPLIANCE DEFICIENCIES.

(a) IN GENERAL.—An employee of the Department of Agriculture who observes a possible compliance deficiency or other potential violation of a conservation plan or this subtitle while providing on-site technical assistance shall provide to the responsible persons, not later than 45 days after observing the possible viola-

tion, information regarding actions needed to comply with the plan and this subtitle. The employee shall provide the information in lieu of reporting the observation as a compliance violation.

(b) **CORRECTIVE ACTION.**—The responsible persons shall attempt to correct the deficiencies as soon as practicable after receiving the information.

(c) **REVIEW.**—If the corrective action is not fully implemented not later than 1 year after the responsible persons receive the information, the Secretary may conduct a review of the status of compliance of the persons with the conservation plan and this subtitle.

Subtitle C—Wetland Conservation

SEC. 1221. [16 U.S.C. 3821] PROGRAM INELIGIBILITY.

(a) **PRODUCTION ON CONVERTED WETLAND.**—Except as provided in this subtitle and notwithstanding any other provision of law, any person who in any crop year produces an agricultural commodity on converted wetland, as determined by the Secretary, shall be—

(1) in violation of this section; and

(2) ineligible for loans or payments in an amount determined by the Secretary to be proportionate to the severity of the violation.

(b) **INELIGIBILITY FOR CERTAIN LOANS AND PAYMENTS.**—If a person is determined to have committed a violation under subsection (a) during a crop year, the Secretary shall determine which of, and the amount of, the following loans and payments for which the person shall be ineligible:

(1) Contract payments under a production flexibility contract, marketing assistance loans, and any type of price support or payment made available under the Agricultural Market Transition Act, the Commodity Credit Corporation Charter Act (15 U.S.C. 714 et seq.), or any other Act.

(2) A loan made or guaranteed under the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.) or any other provision of law administered by the Consolidated Farm Service Agency, if the Secretary determines that the proceeds of the loan will be used for a purpose that will contribute to conversion of a wetland (other than as provided in this subtitle) to produce an agricultural commodity.

(3) During the crop year:

(A) A payment made pursuant to a contract entered into under the environmental quality incentives program under chapter 4 of subtitle D.

(B) A payment under any other provision of subtitle D.

(c) **INELIGIBILITY FOR CROP INSURANCE PREMIUM ASSISTANCE.**—

(1) **REQUIREMENTS.**—

(A) **IN GENERAL.**—If a person is determined to have committed a violation under subsection (a) or (d) during a

crop year, the person shall be ineligible to receive any payment of any portion of premium paid by the Federal Crop Insurance Corporation for a plan or policy of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.) pursuant to this subsection.

(B) APPLICABILITY.—Ineligibility under this subsection shall—

(i) only apply to reinsurance years subsequent to the date of a final determination of a violation, including all administrative appeals; and

(ii) not apply to the existing reinsurance year or any reinsurance year prior to the date of the final determination.

(2) CONVERSIONS.—

(A) IN GENERAL.—Notwithstanding paragraph (1), ineligibility for crop insurance premium assistance shall apply in accordance with this paragraph.

(B) NEW CONVERSIONS.—In the case of a wetland that the Secretary determines was converted after the date of enactment of the Agricultural Act of 2014—

(i) the person shall be ineligible to receive crop insurance premium subsidies in subsequent reinsurance years unless the Secretary determines that an exemption pursuant to section 1222 applies; or

(ii) for any violation that the Secretary determines impacts less than 5 acres of an entire farm, the person may pay a contribution in an amount equal to 150 percent of the cost of mitigation, as determined by the Secretary, to the fund described in section 1241(f) for wetland restoration in lieu of ineligibility to receive crop insurance premium assistance.

(C) PRIOR CONVERSIONS.—In the case of a wetland that the Secretary determines was converted prior to the date of enactment of the Agricultural Act of 2014, ineligibility under this subsection shall not apply.

(D) CONVERSIONS AND NEW POLICIES OR PLANS OF INSURANCE.—In the case of an agricultural commodity for which an individual policy or plan of insurance is available for the first time to the person after the date of enactment of the Agricultural Act of 2014—

(i) ineligibility shall apply only to conversions that take place after the date on which the policy or plan of insurance first becomes available to the person; and

(ii) the person shall take such steps as the Secretary determines appropriate to mitigate any prior conversion in a timely manner but not to exceed 2 reinsurance years.

(3) LIMITATIONS.—

(A) MITIGATION REQUIRED.—Except as otherwise provided in this paragraph, a person subject to a final determination, including all administrative appeals, of a violation described in subsection (d) shall have 1 reinsurance year to initiate a mitigation plan to remedy the violation, as determined by the Secretary, before becoming ineligible

under this subsection in the following reinsurance year to receive any payment of any portion of the premium paid by the Federal Crop Insurance Corporation for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.).

(B) **PERSONS COVERED FOR THE FIRST TIME.**—Notwithstanding the requirements of paragraph (1), in the case of a person that is subject to this subsection for the first time solely due to the amendment made by section 2611(b) of the Agricultural Act of 2014, the person shall have 2 reinsurance years after the reinsurance year in which a final determination is made, including all administrative appeals, of a violation described in this subsection to take such steps as the Secretary determines appropriate to remedy or mitigate the violation in accordance with this subsection.

(C) **GOOD FAITH.**—If the Secretary determines that a person subject to a final determination, including all administrative appeals, of a violation described in this subsection acted in good faith and without intent to commit a violation described in this subsection as described in section 1222(h), the person shall have 2 reinsurance years to take such steps as the Secretary determines appropriate to remedy or mitigate the violation in accordance with this subsection.

(D) **TENANT RELIEF.**—

(i) **IN GENERAL.**—If a tenant is determined to be ineligible for payments and other benefits under this subsection, the Secretary may limit the ineligibility only to the farm that is the basis for the ineligibility determination if the tenant has established, to the satisfaction of the Secretary that—

(I) the tenant has made a good faith effort to meet the requirements of this section, including enlisting the assistance of the Secretary to obtain a reasonable plan for restoration or mitigation for the farm;

(II) the landlord on the farm refuses to comply with the plan on the farm; and

(III) the Secretary determines that the lack of compliance is not a part of a scheme or device to avoid the compliance.

(ii) **REPORT.**—The Secretary shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate an annual report concerning the ineligibility determinations limited during the previous 12-month period under this subparagraph.

(E) **CERTIFICATE OF COMPLIANCE.**—

(i) **IN GENERAL.**—Beginning with the first full reinsurance year immediately following the date of enactment of this paragraph, all persons seeking eligibility for the payment of a portion of the premium

paid by the Federal Crop Insurance Corporation for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.) shall provide certification of compliance with this section as determined by the Secretary.

(ii) **TIMELY EVALUATION.**—The Secretary shall evaluate the certification in a timely manner and—

(I) a person who has properly complied with certification shall be held harmless with regard to eligibility during the period of evaluation; and

(II) if the Secretary fails to evaluate the certification in a timely manner and the person is subsequently found to be in violation of this subsection, ineligibility shall not apply to the person for that violation.

(iii) **EQUITABLE CONTRIBUTION.**—

(I) **IN GENERAL.**—If a person fails to notify the Secretary as required and is subsequently found to be in violation of this subsection, the Secretary shall—

(aa) determine the amount of an equitable contribution to conservation by the person for the violation; and

(bb) deposit the contribution in the fund described in section 1241(f).

(II) **LIMITATION.**—The contribution shall not exceed the total of the portion of the premium paid by the Federal Crop Insurance Corporation for a policy or plan of insurance for all years the person is determined to have been in violation subsequent to the date on which certification was first required under this subparagraph.

(4) **DUTIES OF THE SECRETARY.**—

(A) **IN GENERAL.**—In carrying out this subsection, the Secretary shall use existing processes and procedures for certifying compliance.

(B) **RESPONSIBILITY.**—The Secretary, acting through the agencies of the Department of Agriculture, shall be solely responsible for determining whether a producer is eligible to receive crop insurance premium subsidies in accordance with this subsection.

(C) **LIMITATION.**—The Secretary shall ensure that no agent, approved insurance provider, or employee or contractor of an agency or approved insurance provider, bears responsibility or liability for the eligibility of an insured producer under this subsection, other than in cases of misrepresentation, fraud, or scheme and device.

(d) **WETLAND CONVERSION.**—Except as provided in section 1222 and notwithstanding any other provision of law, any person who in any crop year beginning after November 28, 1990, converts a wetland by draining, dredging, filling, leveling, or any other means for the purpose, or to have the effect, of making the production of an agricultural commodity possible on such converted wetland shall be

ineligible for those payments, loans, or programs specified in subsection (b) for that crop year and all subsequent crop years.

(e) **PRIOR LOANS.**—This section shall not apply to a loan described in subsection (b) made before December 23, 1985.

(f) **WETLAND.**—The Secretary shall have, and shall not delegate to any private person or entity, authority to determine whether a person has complied with this subtitle.

SEC. 1222. [16 U.S.C. 3822] DELINEATION OF WETLANDS; EXEMPTIONS.

(a) **DELINEATION BY THE SECRETARY.**—

(1) **IN GENERAL.**—Subject to subsection (b) and paragraph (6), the Secretary shall delineate, determine, and certify all wetlands located on subject land on a farm.

(2) **WETLAND DELINEATION MAPS.**—The Secretary shall delineate wetlands on wetland delineation maps. On the request of a person, the Secretary shall make a reasonable effort to make an on-site wetland determination prior to delineation.

(3) **CERTIFICATION.**—On providing notice to affected persons, the Secretary shall—

(A) certify whether a map is sufficient for the purpose of making a determination of ineligibility for program benefits under section 1221; and

(B) provide an opportunity to appeal the certification prior to the certification becoming final.

(4) **DURATION OF CERTIFICATION.**—A final certification made under paragraph (3) shall remain valid and in effect as long as the area is devoted to an agricultural use or until such time as the person affected by the certification requests review of the certification by the Secretary.

(5) **REVIEW OF MAPPING ON APPEAL.**—In the case of an appeal of the Secretary's certification, the Secretary shall review and certify the accuracy of the mapping of all land subject to the appeal to ensure that the subject land has been accurately delineated. Prior to rendering a decision on the appeal, the Secretary shall conduct an on-site inspection of the subject land on a farm.

(6) **RELIANCE ON PRIOR CERTIFIED DELINEATION.**—No person shall be adversely affected because of having taken an action based on a previous certified wetland delineation by the Secretary. The delineation shall not be subject to a subsequent wetland certification or delineation by the Secretary, unless requested by the person under paragraph (4).

(b) **EXEMPTIONS.**—No person shall become ineligible under section 1221 for program loans or payments under the following circumstances:

(1) As the result of the production of an agricultural commodity on the following lands:

(A) A converted wetland if the conversion of the wetland was commenced before December 23, 1985.

(B) Land that is a nontidal drainage or irrigation ditch excavated in upland.

(C) A wet area created by a water delivery system, irrigation, irrigation system, or application of water for irrigation.

(D) A wetland on which the owner or operator of a farm or ranch uses normal cropping or ranching practices to produce an agricultural commodity in a manner that is consistent for the area where the production is possible as a result of a natural condition, such as drought, and is without action by the producer that destroys a natural wetland characteristic.

(E) Land that is an artificial lake or pond created by excavating or diking land (that is not a wetland) to collect and retain water and that is used primarily for livestock watering, fish production, irrigation, wildlife, fire control, flood control, cranberry growing, or rice production, or as a settling pond.

(F) A wetland that is temporarily or incidentally created as a result of adjacent development activity.

(G) A converted wetland if the original conversion of the wetland was commenced before December 23, 1985, and the Secretary determines the wetland characteristics returned after that date as a result of—

(i) the lack of maintenance of drainage, dikes, levees, or similar structures;

(ii) a lack of management of the lands containing the wetland; or

(iii) circumstances beyond the control of the person.

(H) A converted wetland, if—

(i) the converted wetland was determined by the Natural Resources Conservation Service to have been manipulated for the production of an agricultural commodity or forage prior to December 23, 1985, and was returned to wetland conditions through a voluntary restoration, enhancement, or creation action subsequent to that determination;

(ii) technical determinations regarding the prior site conditions and the restoration, enhancement, or creation action have been adequately documented by the Natural Resources Conservation Service;

(iii) the proposed conversion action is approved by the Natural Resources Conservation Service prior to implementation; and

(iv) the extent of the proposed conversion is limited so that the conditions will be at least equivalent to the wetland functions and values that existed prior to implementation of the voluntary wetland restoration, enhancement, or creation action.

(2) For the conversion of the following:

(A) An artificial lake or pond created by excavating or diking land that is not a wetland to collect and retain water and that is used primarily for livestock watering, fish production, irrigation, wildlife, fire control, flood control, cranberry growing, rice production, or as a settling pond.

(B) A wetland that is temporarily or incidentally created as a result of adjacent development activity.

(C) A wetland on which the owner or operator of a farm or ranch uses normal cropping or ranching practices to produce an agricultural commodity in a manner that is consistent for the area where the production is possible as a result of a natural condition, such as drought, and is without action by the producer that destroys a natural wetland characteristic.

(D) A wetland previously identified as a converted wetland (if the original conversion of the wetland was commenced before December 23, 1985), but that the Secretary determines returned to wetland status after that date as a result of—

- (i) the lack of maintenance of drainage, dikes, levees, or similar structures;
- (ii) a lack of management of the lands containing the wetland; or
- (iii) circumstances beyond the control of the person.

(E) A wetland, if—

- (i) the wetland was determined by the Natural Resources Conservation Service to have been manipulated for the production of an agricultural commodity or forage prior to December 23, 1985, and was returned to wetland conditions through a voluntary restoration, enhancement, or creation action subsequent to that determination;
- (ii) technical determinations regarding the prior site conditions and the restoration, enhancement, or creation action have been adequately documented by the Natural Resources Conservation Service;
- (iii) the proposed conversion action is approved by the Natural Resources Conservation Service prior to implementation; and
- (iv) the extent of the proposed conversion is limited so that the conditions will be at least equivalent to the wetland functions and values that existed prior to implementation of the voluntary wetland restoration, enhancement, or creation action.

(c) **ON-SITE INSPECTION REQUIREMENT.**—No program loans, payments, or benefits shall be withheld from a person under this subtitle unless the Secretary has conducted an on-site visit of the subject land.

(d) **IDENTIFICATION OF MINIMAL EFFECT EXEMPTIONS.**—For purposes of applying the minimal effect exemption under subsection (f)(1), the Secretary shall identify by regulation categorical minimal effect exemptions on a regional basis to assist persons in avoiding a violation of the ineligibility provisions of section 1221. The Secretary shall ensure that employees of the Department of Agriculture who administer this subtitle receive appropriate training to properly apply the minimal effect exemptions determined by the Secretary.

(e) **NONWETLANDS.**—The Secretary shall exempt from the ineligibility provisions of section 1221 any action by a person upon

lands in any case in which the Secretary determines that any one of the following does not apply with respect to such lands:

- (1) Such lands have a predominance of hydric soils.
- (2) Such lands are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions.
- (3) Such lands, under normal circumstances, support a prevalence of such vegetation.

(f) MINIMAL EFFECT; MITIGATION.—The Secretary shall exempt a person from the ineligibility provisions of section 1221 for any action associated with the production of an agricultural commodity on a converted wetland, or the conversion of a wetland, if 1 or more of the following conditions apply, as determined by the Secretary:

(1) The action, individually and in connection with all other similar actions authorized by the Secretary in the area, will have a minimal effect on the functional hydrological and biological value of the wetlands in the area, including the value to waterfowl and wildlife.

(2) The wetland and the wetland values, acreage, and functions are mitigated by the person through the restoration of a converted wetland, the enhancement of an existing wetland, or the creation of a new wetland, and the restoration, enhancement, or creation is—

- (A) in accordance with a wetland conservation plan;
- (B) in advance of, or concurrent with, the action;
- (C) not at the expense of the Federal Government;

(D) in the case of enhancement or restoration of wetlands, on not greater than a 1-for-1 acreage basis unless more acreage is needed to provide equivalent functions and values that will be lost as a result of the wetland conversion to be mitigated;

(E) in the case of creation of wetlands, on greater than a 1-for-1 acreage basis if more acreage is needed to provide equivalent functions and values that will be lost as a result of the wetland conversion that is mitigated;

(F) on lands in the same general area of the local watershed as the converted wetland; and

(G) with respect to the restored, enhanced, or created wetland, made subject to an easement that—

- (i) is recorded on public land records;
- (ii) remains in force for as long as the converted wetland for which the restoration, enhancement, or creation to be mitigated remains in agricultural use or is not returned to its original wetland classification with equivalent functions and values; and

(iii) prohibits making alterations to the restored, enhanced, or created wetland that lower the wetland's functions and values.

(3) The wetland was converted after December 23, 1985, but before November 28, 1990, and the wetland values, acreage, and functions are mitigated by the producer through the requirements of subparagraphs (A), (B), (C), (D), (F), and (G) of paragraph (2).

(4) The action was authorized by a permit issued under section 404 of the Federal Water Pollution Control Act (33 U.S.C. 1344) and the wetland values, acreage, and functions of the converted wetland were adequately mitigated for the purposes of this subtitle.

(g) MITIGATION APPEALS.—A person¹²²²⁻¹ shall be afforded the right to appeal, under section 1243, the imposition of a mitigation agreement requiring greater than one-to-one acreage mitigation to which the person¹²²²⁻¹ is subject.

(h) GOOD FAITH EXEMPTION.—

(1) EXEMPTION DESCRIBED.—The Secretary may waive a person's ineligibility under section 1221 for program loans, payments, and benefits as the result of the conversion of a wetland subsequent to November 28, 1990, or the production of an agricultural commodity on a converted wetland, if the Secretary determines that the person has acted in good faith and without intent to violate this subtitle.

(2) ELIGIBLE REVIEWERS.—A determination of the Secretary, or a designee of the Secretary, under paragraph (1) shall be reviewed by the applicable—

(A) State Executive Director, with the technical concurrence of the State Conservationist; or

(B) district director, with the technical concurrence of the area conservationist.

(3) PERIOD FOR COMPLIANCE.—The Secretary shall provide a person who the Secretary determines has acted in good faith and without intent to violate this subtitle with a reasonable period, but not to exceed 1 year, during which to implement the measures and practices necessary to be considered to be actively restoring the subject wetland.

(i) RESTORATION.—Any person who is determined to be ineligible for program benefits under section 1221 for any crop year shall not be ineligible for such program benefits under such section for any subsequent crop year if, prior to the beginning of such subsequent crop year, the person has fully restored the characteristics of the converted wetland to its prior wetland state or has otherwise mitigated for the loss of wetland values, as determined by the Secretary, through the restoration, enhancement, or creation of wetland values in the same general area of the local watershed as the converted wetland.

(j) DETERMINATIONS; RESTORATION AND MITIGATION PLANS; MONITORING ACTIVITIES.—Technical determinations, the development of restoration and mitigation plans, and monitoring activities under this section shall be made by the National¹²²²⁻² Resources Conservation Service.

(k) MITIGATION BANKING.—

(1) MITIGATION BANKING PROGRAM.—

¹²²²⁻² So in original. Probably should be "Natural".

(B) FUNDING.—Of the funds of the Commodity Credit Corporation, the Secretary shall use \$10,000,000, to remain available until expended, to carry out this paragraph.

(2) APPLICABILITY.—Subsection (f)(2)(C) shall not apply to this subsection.

(3) POLICY AND CRITERIA.—The Secretary shall develop the appropriate policy and criteria that will allow willing persons to access existing mitigation banks, under this section or any other authority, that will serve the purposes of this section without requiring the Secretary to hold an easement, in whole or in part, in a mitigation bank.

SEC. 1223. [16 U.S.C. 3823] AFFILIATED PERSONS.

If a person is affected by a reduction in benefits under section 1221 and the affected person is affiliated with other persons for the purpose of receiving the benefits, the benefits of each affiliated person shall be reduced under section 1221 in proportion to the interest held by the affiliated person.

SEC. 1224. [16 U.S.C. 3824] FAIRNESS OF COMPLIANCE.

If the actions of an unrelated person or public entity, outside the control of, and without the prior approval of, the landowner or tenant result in a change in the characteristics of cropland that would cause the land to be determined to be a wetland, the affected land shall not be considered to be wetland for purposes of this subtitle.

Subtitle D—Agricultural Resources Conservation Program

**CHAPTER 1—COMPREHENSIVE CONSERVATION
ENHANCEMENT PROGRAM**

Subchapter A—General Provisions

[SEC. 1230A. [16 U.S.C. 3830a] GOOD FAITH RELIANCE. ^{1230A-1}]

Subchapter B—Conservation Reserve

(a) IN GENERAL.—Through the 2018 fiscal year, the Secretary shall formulate and carry out a conservation reserve program under which land is enrolled through the use of contracts to assist owners and operators of land specified in subsection (b) to conserve and improve the soil, water, and wildlife resources of such land and to address issues raised by State, regional, and national conservation initiatives.

(b) ELIGIBLE LAND.—The Secretary may include in the program established under this subchapter—

(1) highly erodible cropland that—

(A)(i) if permitted to remain untreated could substantially reduce the agricultural production capability for future generations; or

- (3) grasslands that—
- (A) contain forbs or shrubland (including improved rangeland and pastureland) for which grazing is the predominant use;
- (B) are located in an area historically dominated by grasslands; and
- (C) could provide habitat for animal and plant populations of significant ecological value if the land is retained in its current use or restored to a natural condition;
- (4) cropland that is otherwise ineligible if the Secretary determines that—
- (A) if permitted to remain in agricultural production, the land would—
- (i) contribute to the degradation of soil, water, or air quality; or
- (ii) pose an on-site or off-site environmental threat to soil, water, or air quality;
- (B) the land is a—
- (i) newly-created, permanent grass sod waterway; or
- (ii) a contour grass sod strip established and maintained as part of an approved conservation plan;
- (C) the land will be devoted to newly established living snow fences, permanent wildlife habitat, windbreaks, shelterbelts, or filterstrips or riparian buffers devoted to trees, shrubs, or grasses;
- (D) the land poses an off-farm environmental threat, or a threat of continued degradation of productivity due to soil salinity, if permitted to remain in production; or
- (E) enrollment of the land would facilitate a net savings in groundwater or surface water resources of the agricultural operation of the producer; or
- (5) the portion of land in a field not enrolled in the conservation reserve in a case in which—
- (A) more than 50 percent of the land in the field is enrolled as a buffer or filterstrip, or more than 75 percent of the land in the field is enrolled as a conservation practice other than as a buffer or filterstrip; and
- (B) the remainder of the field is—
- (i) infeasible to farm; and

SEC. 1232. [16 U.S.C. 3832] DUTIES OF OWNERS AND OPERATORS.

(a) IN GENERAL.—Under the terms of a contract entered into under this subchapter, during the term of the contract, an owner or operator of a farm or ranch shall agree—

(1) to implement a plan approved by the local conservation district (or in an area not located within a conservation district, a plan approved by the Secretary) for converting eligible land normally devoted to the production of an agricultural commodity on the farm or ranch to a less intensive use (as defined by the Secretary), such as pasture, permanent grass, legumes, forbs, shrubs, or trees, substantially in accordance with a schedule outlined in the plan;

(2) to place highly erodible cropland subject to the contract in the conservation reserve established under this subchapter;

(3) not to use the land for agricultural purposes, except as permitted by the Secretary;

(4) to establish approved vegetative cover (which may include emerging vegetation in water), water cover for the enhancement of wildlife, or, where practicable, maintain existing cover on the land, except that—

(A) the water cover shall not include ponds for the purpose of watering livestock, irrigating crops, or raising fish for commercial purposes; and

(B) the Secretary shall not terminate the contract for failure to establish approved vegetative or water cover on the land if—

(i) the failure to plant the cover was due to excessive rainfall or flooding;

(ii) the land subject to the contract that could practicably be planted to the cover is planted to the cover; and

(iii) the land on which the owner or operator was unable to plant the cover is planted to the cover after the wet conditions that prevented the planting subsides;

(5) to undertake management on the land as needed throughout the term of the contract to implement the conservation plan;

(6) on a violation of a term or condition of the contract at any time the owner or operator has control of the land—

(A) to forfeit all rights to receive rental payments and cost sharing payments under the contract and to refund to the Secretary any rental payments and cost sharing payments received by the owner or operator under the contract, together with interest on the payments as determined by the Secretary, if the Secretary, after considering the recommendations of the soil conservation district and the Natural Resources Conservation Service, determines

that the violation is of such nature as to warrant termination of the contract; or

(B) to refund to the Secretary, or accept adjustments to, the rental payments and cost sharing payments provided to the owner or operator, as the Secretary considers appropriate, if the Secretary determines that the violation does not warrant termination of the contract;

(7) on the transfer of the right and interest of the owner or operator in land subject to the contract—

(A) to forfeit all rights to rental payments and cost sharing payments under the contract; and

(B) to refund to the United States all rental payments and cost sharing payments received by the owner or operator, or accept such payment adjustments or make such refunds as the Secretary considers appropriate and consistent with the objectives of this subchapter;

unless the transferee of the land agrees with the Secretary to assume all obligations of the contract, except that no refund of rental payments and cost sharing payments shall be required if the land is purchased by or for the United States Fish and Wildlife Service, or the transferee and the Secretary agree to modifications to the contract, in a case in which the modifications are consistent with the objectives of the program, as determined by the Secretary;

(8) not to conduct any harvesting or grazing, nor otherwise make commercial use of the forage, on land that is subject to the contract, nor adopt any similar practice specified in the contract by the Secretary as a practice that would tend to defeat the purposes of the contract, except as provided in subsection (b) or (c) of section 1233;

(9) not to conduct any planting of trees on land that is subject to the contract unless the contract specifies that the harvesting and commercial sale of trees such as Christmas trees are prohibited, nor otherwise make commercial use of trees on land that is subject to the contract unless it is expressly permitted in the contract, nor adopt any similar practice specified in the contract by the Secretary as a practice that would tend to defeat the purposes of the contract, except that no contract shall prohibit activities consistent with customary forestry practice, such as pruning, thinning, or stand improvement of trees, on land converted to forestry use;

(10) not to adopt any practice specified by the Secretary in the contract as a practice that would tend to defeat the purposes of this subchapter; and

(11) to comply with such additional provisions as the Secretary determines are desirable and are included in the contract to carry out this subchapter or to facilitate the practical administration of this subchapter.

(b) CONSERVATION PLANS.—The plan referred to in subsection (a)(1) shall set forth—

(1) the conservation measures and practices to be carried out by the owner or operator during the term of the contract; and

(2) the commercial use, if any, to be permitted on the land during the term.

(c) FORECLOSURE.—

(1) IN GENERAL.—Notwithstanding any other provision of law, an owner or operator who is a party to a contract entered into under this subchapter may not be required to make repayments to the Secretary of amounts received under the contract if the land that is subject to the contract has been foreclosed on and the Secretary determines that forgiving the repayments is appropriate in order to provide fair and equitable treatment.

(2) RESUMPTION OF CONTROL.—

(A) IN GENERAL.—This subsection shall not void the responsibilities of an owner or operator under the contract if the owner or operator resumes control over the land that is subject to the contract within the period specified in the contract.

(A) consistent with the conservation of soil, water quality, and wildlife habitat;

(B) subject to appropriate restrictions during the nesting season for birds in the local area that are economically significant, in significant decline, or conserved in accord-

(A) TIER I CONSERVATION SECURITY CONTRACTS.—A conservation security plan for land enrolled under a Tier I conservation security contract shall—

(i) be for a period of 5 years; and

(ii) include conservation practices appropriate for the agricultural operation, that, at a minimum (as determined by the Secretary)—

(I) address at least 1 significant resource of concern for the enrolled portion of the agricultural operation at a level that meets the appropriate nondegradation standard; and

(II) cover active management of conservation practices that are implemented or maintained under the conservation security contract.

(B) TIER II CONSERVATION SECURITY CONTRACTS.—A conservation security plan for land enrolled under a Tier II conservation security contract shall—

(i) be for a period of not less than 5 nor more than 10 years, as determined by the producer;

(ii) include conservation practices appropriate for the agricultural operation, that, at a minimum—

(I) address at least 1 significant resource of concern for the entire agricultural operation, as determined by the Secretary, at a level that meets the appropriate nondegradation standard; and

(II) cover active management of conservation practices that are implemented or maintained under the conservation security contract.

(C) TIER III CONSERVATION SECURITY CONTRACTS.—A conservation security plan for land enrolled under a Tier III conservation security contract shall—

(i) be for a period of not less than 5 nor more than 10 years, as determined by the producer; and

(ii) include conservation practices appropriate for the agricultural operation that, at a minimum—

(I) apply a resource management system that meets the appropriate nondegradation standard for all resources of concern of the entire agricultural operation, as determined by the Secretary; and

(II) cover active management of conservation practices that are implemented or maintained under the conservation security contract.

(6) **MINIMUM REQUIREMENTS.**—The minimum requirements for each tier of conservation contracts implemented under paragraph (5) shall be determined and approved by the Secretary.

(e) **CONSERVATION SECURITY CONTRACTS.**—

(1) **IN GENERAL.**—On approval of a conservation security plan of a producer, the Secretary shall enter into a conservation security contract with the producer to enroll the land covered by the conservation security plan in the conservation security program.

(A) **OPTIONAL MODIFICATIONS.**—A producer may apply to the Secretary for a modification of the conservation security contract of the producer that is consistent with the purposes of the conservation security program.

(B) **OTHER MODIFICATIONS.**—

(i) **IN GENERAL.**—The Secretary may, in writing, require a producer to modify a conservation security contract before the expiration of the conservation security contract if the Secretary determines that a change made to the type, size, management, or other aspect of the agricultural operation of the producer would, without the modification of the contract, significantly interfere with achieving the purposes of the conservation security program.

(ii) **PARTICIPATION IN OTHER PROGRAMS.**—If appropriate payment reductions and other adjustments (as determined by the Secretary) are made to the conservation security contract of a producer, the producer may—

(I) simultaneously participate in—

(aa) the conservation security program;

(bb) the conservation reserve program under subchapter B of chapter 1; and

(cc) the wetlands reserve program under subchapter C of chapter 1; and

(II) may remove land enrolled in the conservation security program for enrollment in a program described in item (bb) or (cc) of subclause (I).

(3) **TERMINATION.**—

(A) **OPTIONAL TERMINATION.**—A producer may terminate a conservation security contract and retain payments received under the conservation security contract, if—

(i) the producer is in full compliance with the terms and conditions (including any maintenance requirements) of the conservation security contract as of the date of the termination; and

(ii) the Secretary determines that termination of the contract would not defeat the purposes of the conservation security plan of the producer.

(B) OTHER TERMINATION.—A producer that is required to modify a conservation security contract under paragraph (2)(B)(i) may, in lieu of modifying the contract—

(i) terminate the conservation security contract;

and

(ii) retain payments received under the conservation security contract, if the producer has fully complied with the terms and conditions of the conservation security contract before termination of the contract, as determined by the Secretary.

(4) RENEWAL.—

(A) IN GENERAL.—Except as provided in subparagraph (B), at the option of a producer, the conservation security contract of the producer may be renewed for an additional period of not less than 5 nor more than 10 years.

(B) TIER I RENEWALS.—In the case of a Tier I conservation security contract of a producer, the producer may renew the contract only if the producer agrees—

(i) to apply additional conservation practices that meet the nondegradation standard on land already enrolled in the conservation security program; or

(ii) to adopt new conservation practices with respect to another portion of the agricultural operation that address resource concerns and meet the nondegradation standard under the terms of the Tier I conservation security contract.

(f) NONCOMPLIANCE DUE TO CIRCUMSTANCES BEYOND THE CONTROL OF PRODUCERS.—The Secretary shall include in the conservation security contract a provision, and may permit modification of a conservation security contract under subsection (e)(1), to ensure that a producer shall not be considered in violation of a conservation security contract for failure to comply with the conservation security contract due to circumstances beyond the control of the producer, including a disaster or related condition, as determined by the Secretary.

(g) PROHIBITION ON CONSERVATION SECURITY PROGRAM CONTRACTS; EFFECT ON EXISTING CONTRACTS.—

(1) PROHIBITION.—A conservation security contract may not be entered into or renewed under this subchapter after September 30, 2008.

(2) EXCEPTION.—This subchapter, and the terms and conditions of the conservation security program, shall continue to apply to—

(A) conservation security contracts entered into on or before September 30, 2008; and

(1) to implement the applicable conservation security plan approved by the Secretary;

(2) to maintain, and make available to the Secretary at such times as the Secretary may request, appropriate records showing the effective and timely implementation of the conservation security plan;

(3) not to engage in any activity that would interfere with the purposes of the conservation security program; and

(4) on the violation of a term or condition of the conservation security contract—

(A) if the Secretary determines that the violation warrants termination of the conservation security contract—

(i) to forfeit all rights to receive payments under the conservation security contract; and

(ii) to refund to the Secretary all or a portion of the payments received by the producer under the conservation security contract, including any advance payments and interest on the payments, as determined by the Secretary; or

(iii) An enhanced payment that is determined in accordance with subparagraph (C)(iii).

(2) LIMITATION ON PAYMENTS.—

(A) IN GENERAL.—Subject to paragraphs (1) and (3), the Secretary shall make an annual payment, directly or indirectly, to an individual or entity covered by a conservation security contract in an amount not to exceed—

(A) construction or maintenance of animal waste storage or treatment facilities or associated waste transport or transfer devices for animal feeding operations; or

(B) the purchase or maintenance of equipment or a non-land based structure that is not integral to a land-based practice, as determined by the Secretary.

(c) MINIMUM PRACTICE REQUIREMENT.—In determining a payment under subsection (b) for a producer that receives a payment under another program administered by the Secretary that is contingent on complying with requirements under subtitle B or C (relating to the use of highly erodible land or wetland), a payment under this subchapter on land subject to those requirements shall be for practices only to the extent that the practices exceed min-

imum requirements for the producer under those subtitles, as determined by the Secretary.

SEC. 1238E. [16 U.S.C. 3838e] CONSERVATION STEWARDSHIP PROGRAM.

(a) **ESTABLISHMENT AND PURPOSE.**—During each of fiscal years 2014 through 2018, the Secretary shall carry out a conservation stewardship program to encourage producers to address priority resource concerns and improve and conserve the quality and condition of natural resources in a comprehensive manner—

- (1) by undertaking additional conservation activities; and
- (2) by improving, maintaining, and managing existing conservation activities.

(b) **EXCLUSIONS.**—

(1) **LAND ENROLLED IN OTHER CONSERVATION PROGRAMS.**—Subject to paragraph (2), the following land (even if covered by the definition of eligible land) is not eligible for enrollment in the program:

(A) Land enrolled in the conservation reserve program, unless—

(i) the conservation reserve contract will expire at the end of the fiscal year in which the land is to be enrolled in the program; and

(2) would, at a minimum, meet or exceed the stewardship threshold for at least 1 additional priority resource concern by the end of the stewardship contract by—

- (A) installing and adopting additional conservation activities; and
 - (B) improving, maintaining, and managing existing conservation activities across the entire agricultural operation in a manner that increases or extends the conservation benefits in place at the time the contract offer is accepted by the Secretary.
- (b) EVALUATION OF CONTRACT OFFERS.—
- (1) RANKING OF APPLICATIONS.—In evaluating contract offers submitted under subsection (a), the Secretary shall rank applications based on—
- (A) the level of conservation treatment on all applicable priority resource concerns at the time of application;
 - (B) the degree to which the proposed conservation activities effectively increase conservation performance;

 - (D) the extent to which other priority resource concerns will be addressed to meet or exceed the stewardship threshold by the end of the contract period;
 - (E) the extent to which the actual and anticipated conservation benefits from the contract are provided at the least cost relative to other similarly beneficial contract offers; and
 - (F) the extent to which priority resource concerns will be addressed when transitioning from the conservation reserve program to agricultural production.
- (2) PROHIBITION.—The Secretary may not assign a higher priority to any application because the applicant is willing to accept a lower payment than the applicant would otherwise be eligible to receive.
- (3) ADDITIONAL CRITERIA.—The Secretary may develop and use such additional criteria that the Secretary determines are necessary to ensure that national, State, and local priority resource concerns are effectively addressed.
- (c) ENTERING INTO CONTRACTS.—After a determination that a producer is eligible for the program under subsection (a), and a determination that the contract offer ranks sufficiently high under the evaluation criteria under subsection (b), the Secretary shall enter into a conservation stewardship contract with the producer to enroll the eligible land to be covered by the contract.

(I) the producer shall forfeit all rights to receive payments under the contract; and

(II) the producer shall refund all or a portion of the payments received by the producer under the contract, including any interest on the payments, as determined by the Secretary; or

(ii) if the Secretary determines that the violation does not warrant termination of the contract, the producer shall refund or accept adjustments to the payments provided to the producer, as the Secretary determines to be appropriate;

(F) include provisions in accordance with paragraphs (3) and (4); and

(G) include any additional provisions the Secretary determines are necessary to carry out the program.

(3) CHANGE OF INTEREST IN LAND SUBJECT TO A CONTRACT.—

(A) IN GENERAL.—At the time of application, a producer shall have control of the eligible land to be enrolled in the program. Except as provided in subparagraph (B), a change in the interest of a producer in eligible land covered by a contract under the program shall result in the termination of the contract with regard to that land.

(B) TRANSFER OF DUTIES AND RIGHTS.—Subparagraph (A) shall not apply if—

(i) within a reasonable period of time (as determined by the Secretary) after the date of the change in the interest in eligible land covered by a contract under the program, the transferee of the land provides written notice to the Secretary that all duties and rights under the contract have been transferred to,

and assumed by, the transferee for the portion of the land transferred;

(5) REPAYMENT.—If a contract is terminated, the Secretary may, consistent with the purposes of the program—

(A) allow the producer to retain payments already received under the contract; or

(B) require repayment, in whole or in part, of payments received and assess liquidated damages.

(e) CONTRACT RENEWAL.—At the end of the initial 5-year contract period, the Secretary may allow the producer to renew the contract for 1 additional 5-year period if the producer—

(1) demonstrates compliance with the terms of the initial contract;

(2) agrees to adopt and continue to integrate conservation activities across the entire agricultural operation, as determined by the Secretary; and

(3) agrees, by the end of the contract period—

(A) to meet the stewardship threshold of at least 2 additional priority resource concerns on the agricultural operation; or

(B) to exceed the stewardship threshold of 2 existing priority resource concerns that are specified by the Secretary in the initial contract.

SEC. 1238G. [16 U.S.C. 3838g] DUTIES OF THE SECRETARY.

(a) IN GENERAL.—To achieve the conservation goals of a contract under the conservation stewardship program, the Secretary shall—

(1) make the program available to eligible producers on a continuous enrollment basis with 1 or more ranking periods, 1 of which shall occur in the first quarter of each fiscal year;

(2) identify not less than 5 priority resource concerns in a particular watershed or other appropriate region or area within a State; and

(3) establish a science-based stewardship threshold for each priority resource concern identified under paragraph (2).

(b) ALLOCATION TO STATES.—The Secretary shall allocate acres to States for enrollment, based—

(1) primarily on each State's proportion of eligible land to the total acreage of eligible land in all States; and

(2) also on consideration of—

(A) the extent and magnitude of the conservation needs associated with agricultural production in each State;

(B) the degree to which implementation of the program in the State is, or will be, effective in helping producers address those needs; and

(C) other considerations to achieve equitable geographic distribution of funds, as determined by the Secretary.

(c) **ACREAGE ENROLLMENT LIMITATION.**—During the period beginning on the date of enactment of the Agricultural Act of 2014, and ending on September 30, 2022, the Secretary shall, to the maximum extent practicable—

(1) enroll in the program an additional 10,000,000 acres for each fiscal year; and

(2) manage the program to achieve a national average rate of \$18 per acre, which shall include the costs of all financial assistance, technical assistance, and any other expenses associated with enrollment or participation in the program.

(d) **CONSERVATION STEWARDSHIP PAYMENTS.**—

(1) **AVAILABILITY OF PAYMENTS.**—The Secretary shall provide annual payments under the program to compensate the producer for—

(2) **PAYMENT AMOUNT.**—The amount of the annual payment shall be determined by the Secretary and based, to the maximum extent practicable, on the following factors:

(A) Costs incurred by the producer associated with planning, design, materials, installation, labor, management, maintenance, or training.

(B) Income forgone by the producer.

(C) Expected conservation benefits.

(D) The extent to which priority resource concerns will be addressed through the installation and adoption of conservation activities on the agricultural operation.

(E) The level of stewardship in place at the time of application and maintained over the term of the contract.

(F) The degree to which the conservation activities will be integrated across the entire agricultural operation for all applicable priority resource concerns over the term of the contract.

(G) Such other factors as are determined appropriate by the Secretary.

(3) **EXCLUSIONS.**—A payment to a producer under this subsection shall not be provided for—

- (A) the design, construction, or maintenance of animal waste storage or treatment facilities or associated waste transport or transfer devices for animal feeding operations; or
- (B) conservation activities for which there is no cost incurred or income forgone to the producer.
- (4) DELIVERY OF PAYMENTS.—In making payments under this subsection, the Secretary shall, to the extent practicable—
- (A) prorate conservation performance over the term of the contract so as to accommodate, to the extent practicable, producers earning equal annual payments in each fiscal year; and
- (B) make such payments as soon as practicable after October 1 of each fiscal year for activities carried out in the previous fiscal year.
- (e) SUPPLEMENTAL PAYMENTS FOR RESOURCE-CONSERVING CROP ROTATIONS.—
- (1) AVAILABILITY OF PAYMENTS.—The Secretary shall provide additional payments to producers that, in participating in the program, agree to adopt or improve resource-conserving crop rotations to achieve beneficial crop rotations as appropriate for the eligible land of the producers.
- (2) BENEFICIAL CROP ROTATIONS.—The Secretary shall determine whether a resource-conserving crop rotation is a beneficial crop rotation eligible for additional payments under paragraph (1) based on whether the resource-conserving crop rotation is designed to provide natural resource conservation and production benefits.
- (3) ELIGIBILITY.—To be eligible to receive a payment described in paragraph (1), a producer shall agree to adopt and maintain beneficial resource-conserving crop rotations for the term of the contract.
- (4) RESOURCE-CONSERVING CROP ROTATION.—In this subsection, the term “resource-conserving crop rotation” means a crop rotation that—
- (A) includes at least 1 resource-conserving crop (as defined by the Secretary);
- (B) reduces erosion;
- (C) improves soil fertility and tilth;
- (D) interrupts pest cycles; and
- (E) in applicable areas, reduces depletion of soil moisture or otherwise reduces the need for irrigation.
- (f) PAYMENT LIMITATIONS.—A person or legal entity may not receive, directly or indirectly, payments under the program that, in the aggregate, exceed \$200,000 under all contracts entered into during fiscal years 2014 through 2018, excluding funding arrangements with Indian tribes, regardless of the number of contracts entered into under the program by the person or legal entity.
- (g) SPECIALTY CROP AND ORGANIC PRODUCERS.—The Secretary shall ensure that outreach and technical assistance are available, and program specifications are appropriate to enable specialty crop and organic producers to participate in the program.
- (h) COORDINATION WITH ORGANIC CERTIFICATION.—The Secretary shall establish a transparent means by which producers may

initiate organic certification under the Organic Foods Production Act of 1990 (7 U.S.C. 6501 et seq.) while participating in a contract under the program.

(i) REGULATIONS.—The Secretary shall promulgate regulations that—

(1) prescribe such other rules as the Secretary determines to be necessary to ensure a fair and reasonable application of the limitations established under subsection (f); and

(2) otherwise enable the Secretary to carry out the program.

CHAPTER 4—ENVIRONMENTAL QUALITY INCENTIVES PROGRAM

SEC. 1240. [16 U.S.C. 3839aa] PURPOSES.

The purposes of the environmental quality incentives program established by this chapter are to promote agricultural production, forest management, and environmental quality as compatible goals, and to optimize environmental benefits, by—

(1) assisting producers in complying with local, State, and national regulatory requirements concerning—

(A) soil, water, and air quality;

(B) wildlife habitat; and

(C) surface and ground water conservation;

(2) avoiding, to the maximum extent practicable, the need for resource and regulatory programs by assisting producers in protecting soil, water, air, and related natural resources and meeting environmental quality criteria established by Federal, State, tribal, and local agencies;

(3) providing flexible assistance to producers to install and maintain conservation practices that sustain food and fiber production while—

(A) enhancing soil, water, and related natural resources, including grazing land, forestland, wetland, and wildlife;

(B) developing and improving wildlife habitat; and

(C) conserving energy; and

(4) assisting producers to make beneficial, cost effective changes to production systems (including conservation practices related to organic production), grazing management, fuels management, forest management, nutrient management associated with livestock, pest or irrigation management, or other practices on agricultural and forested land.
