G01 – Reducing Storm Runoff into Ponds
G02 – Managing Ponds to Reduce Effluent Volume
G03 – Erosion Control on Watershed and pond Embankments
G04 – Pond Management to Minimize Erosion
G05 – Control of Erosion by Effluents
G06 – Settling Basins and Wetlands
G07 – Feed Management
G08 – Pond Fertilization
G09 – Managing Ponds to Improve Quality of Overflow Effluent
G10 – Managing Ponds to Improve Quality of Draining Effluent
G11 – Therapeutic Agents
G12 – Water Quality Enhancers
G13 – Fish Mortality Management
G14 – General Operations and Worker Safety
G15 – Emergency Response and Management
G16 - Managing Ponds for Inland Culture of Marine Shrimp
G17 - Managing Systems for Tilapia Culture
G18 - Managing Bait Minnow, Sportfish and Grass Carp Fingerling, and Ornamental Fish Culture Systems
G19 - Managing Cage Culture Systems
G20 - Managing Flow-Through Systems
G21 - Managing Crawfish Ponds
