

September 20, 2006

ALABAMA TECHNICAL GUIDE NOTICE 21.

This notice transmits revisions to the FOTG.

SECTION IV - STANDARDS AND SPECIFICATIONS**INDEX**

Change date to 09/06 for the following standards:

Spring Development - Code 574
Underground Outlet - Code 620
Water Well - Code 642
Well Decommissioning - Code 351

DESCRIPTION OF CHANGES

Spring Development - Code 574 - In the Criteria, Wildlife Habitat Protection section, inserted several paragraphs concerning the natural flow of water and how that affects the watershed.

Underground Outlet - Code 620 - The state standard was 5-years old and therefore after review determined to be current. Only the date was changed.

Water Well - Code 642 - Minor wording changes to provide consistence with national standard.

Well Decommissioning - Code 351 - Minor wording changes to provide consistency with national standard. Well water disinfection solution changed from 100 ppm chlorine concentration to 50 ppm. The same change was made in the construction specifications.

FILING INSTRUCTIONS

Replace the following standards with the current version dated September 2006:

Spring Development - Code 574
Underground Outlet - Code 620
Water Well - Code 642
Well Decommissioning - Code 351
