

December 22, 2006

ALABAMA TECHNICAL GUIDE NOTICE 23.

This notice transmits revisions to the FOTG.

SECTION IV - STANDARDS AND SPECIFICATIONS**INDEX**

Change the date to December 2006 for the following standards:

Pond Sealing or Lining - Flexible Membrane, Code 521A
Watering Facility, Code 614

DESCRIPTION OF CHANGES

Pond Sealing or Lining - Flexible Membrane, Code 521A

- Wording revisions to be consistent with the national standard.
- Added liner thickness "limiting parameter" for clear water conditions.
- Increased "Limiting Parameter" for EPDM from 40 mil to 45 mil.
- Added requirements for polypropylene (PP) and reinforced polyethylene (RPE) geomembranes.
- Removed requirement that all flexible membranes be certified by the manufacturer to be suitable for the intended use.
- Added reference to NRCS NEH Part 642, Construction Specification 97 and Material Specification 594 for Liner and Installation Requirements.
- Deleted Alabama Construction Specification CS-521A.

Watering Facility, Code 614 - Revisions in wording to be consistent with national standard. Additional references were added from national standard.

FILING INSTRUCTIONS

Replace the existing standard with the current standard.
