## **ALABAMA TECHNICAL GUIDE – SECTION IV – NOTICE AL84**

This notice transmits revisions to the eFOTG.

### **GUIDE/JOB SHEETS:**

**Prescribed Burning, Job Sheet No. AL660** – **REVISED** – Under Preparation for Burns, the steps were re-organized, to list obtaining a prescribed burn plan as the first step. Under the Wildlife and Forest Land Management types of burns, the purposes and benefits of growing season burns was expanded. A growing season burn photo and a spot burn photo was added. A planning and certification sheet was added so that the planner can document the planned purpose and practice checkout. A new specification is included to clarify performance expectations “The results of the burn must meet the resource management objective(s) on at least 70% of the burn area.”

**Tree/Shrub Pruning, Guide Sheet No. AL338** – **NEW** – This document provides guidance to help landowners properly apply the conservation practice.

**FILING INSTRUCTIONS:** If hard copies are maintained, file the new or revised documents. Archive or discard the outdated material.
