**CALIFORNIA TECHNICAL GUIDE
450-VI
TECHNICAL GUIDE NOTICE NO. 51**

SUBJECT: Section II - MLRA 17 Vegetative Guide.

Purpose: To distribute additional planting mixtures for 4Eta Zones d and e

Effective Date: When contents are received.

Attached is a list of additional seeding recommendations approved for Upland Wildlife Habitat Management (645) and Conservation Cover (327) plantings associated with non-irrigated conditions in the Sacramento Valley and northern San Joaquin Valley regions of MLRA 17. These mixtures are approved for CP1 and CP2 practices in the North Valley CREP. If additional seed mixtures are needed, field offices should contact their area specialists.

Filing Instructions

File the attached 327 and 645 supplements in Section II of the FOTG following page 18 and 112 respectively of the MLRA 17 Vegetative Guide.

Leonard Jolley, Acting for

DIANE B. HOLCOMB
State Resource Conservationist
