**CALIFORNIA TECHNICAL GUIDE
450-VI**

TECHNICAL GUIDE NOTICE NO. 53

SUBJECT: ISSUE DOCUMENTS FOR SECTION IV.

Purpose: To transmit revised Conservation Practice Standard for Dikes, Practice Code 356.

Effective Date: When content are received.

Enclosed is the revised Conservation Practice Standard for Dikes, code 356.

This replaces the existing practice standard and specifications dated July 2000.

Filing Instructions

1. Replace the Practice Standard for Dikes dated July 2000 in Section IV with the Practice Standard dated April 2002.
2. Make notation on the Data Tabulation sheet in front of the Field Office Technical Guide indicating an update; also make note in Section IV, Index of Conservation Practices, noting the revised date.
3. Section IV of the FOTG (located on the web at <http://www.ca.nrcs.usda.gov/rts/sec4.htm>) will be updated to reflect this revised standard.

A handwritten signature in black ink that reads "Diane B. Holcomb".

DIANE B. HOLCOMB
State Resource Conservationist
