TECHNICAL GUIDE NOTICE NO. 60

SUBJECT: Issue references for Integrated Pest Management (IPM)

Purpose: Transmit Integrated Pest Management references published by the University of California.

Effective Date: When contents are received.

Enclosed are IPM references covering some of the crops grown in the Field Office service area, and general principles of IPM. All field offices will not receive identical references. Publications concerned with other crops are available. If references are needed for additional crops they may be ordered. Use the website <http://anrcatalog.ucdavis.edu> to find and order additional publications needed.

A self study tutorial on Biocontrol in CD format has been sent to each Area Office and to several field offices. This tutorial should be circulated as needed.

Filing Instructions

1. Please insert the attached update to the list of Agronomy references in FOTG, Section I, or enter as handwritten changes. File attached references, as appropriate.

A handwritten signature in black ink that reads "Diane B. Holcomb". The signature is written in a cursive, flowing style.
