**CALIFORNIA TECHNICAL GUIDE 450-VI**

**TECHNICAL GUIDE NOTICE NO. 121**

**SUBJECT: Issue New Documents to the electronic Field Office Technical Guide**

**Purposes:**

1. Issue Air Quality Technical Notes CA 01 and 02

**Effective Date:** When contents are received.

**Explanation:** The following Technical Notes have been posted to Section I > Technical Notes

Air Quality Technical Note CA-01: Glossary for California Off-Road Agricultural Engines provides definitions for commonly used terminology for Agricultural Engines and Air Quality

Air Quality Technical Note CA-02: Engine Family and Tier-Certified Emissions Standards outlines the Engine Family naming conventions to assist with verifying emissions certifications and whether an engine aligns with CPS372 criteria and specifications.

**Location of Documents**

The California eFOTG, located on the web at <http://efotg.sc.egov.usda.gov/treemenuFS.aspx> It is being updated to reflect these changes and additions to Section I.

**Optional Filing Instructions (for hard copies of FOTG maintained in Field Offices)**

Place the Air Quality Technical Notes and accompanying Index into Binder with other Technical Notes in Section I.
